PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD OCTOBER 31, 2006

Annual Meeting and Voting

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of The Estée Lauder Companies Inc. (the “Company”, “we” or “us”), a Delaware corporation, to be voted at the Annual Meeting of Stockholders to be held in the Grand Salon at Jumeirah Essex House, 160 Central Park South, New York, New York, on Tuesday, October 31, 2006, at 10:00 a.m., local time, and at any adjournment or postponement of the meeting.

Admission to the Meeting

Admission to the meeting will require a ticket. If you are a stockholder of record and plan to attend, please check the appropriate box on the proxy card, or so indicate when you vote by telephone or the internet, and an admission ticket will be mailed to you. If you are a stockholder whose shares are held through an intermediary such as a bank or broker, and you plan to attend, please request an admission ticket by writing to the Investor Relations Department at The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. Evidence of your ownership, which you can obtain from your bank, broker or other intermediary, must accompany your letter.

Who May Vote?

Only stockholders of record of shares of Class A Common Stock and Class B Common Stock at the close of business on September 15, 2006 are entitled to vote at the Annual Meeting or at any adjournment or postponement of the meeting. Each owner of record of Class A Common Stock on the record date is entitled to one vote for each share of Class A Common Stock so held. Each owner of record of Class B Common Stock on the

record date is entitled to ten votes for each share of Class B Common Stock so held. On September 15, 2006, there were 124,112,049 shares of Class A Common Stock and 85,305,915 shares of Class B Common Stock issued and outstanding.

How do I vote?

Stockholders of record may vote by mail, telephone or the internet. If you are voting by mail, please complete, sign, date and return the enclosed proxy card in a timely manner to ensure that it is received prior to the meeting. If you are voting by telephone or the internet, please follow the instructions on the proxy card.

May I change my vote?

All proxies delivered pursuant to this solicitation are revocable at any time before they are exercised at the option of the persons submitting them by giving written notice to the Secretary of the Company at the mailing address set forth below, by submitting a later-dated proxy (either by mail, telephone or the internet) or by voting in person at the Annual Meeting. The mailing address of our principal executive offices is 767 Fifth Avenue, New York, New York 10153. The approximate date on which this Proxy Statement and form of proxy are first being sent or given to stockholders, or being made available through the internet for those stockholders receiving their proxy materials electronically, is September 29, 2006.

What constitutes a quorum?

The holders of a majority of the votes entitled to be cast by the stockholders entitled to vote

generally, present in person or by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions, broker non-votes and votes withheld are included in the count to determine a quorum.

What if a quorum is not represented at the Annual Meeting?

In the event that a quorum does not exist, the chairman of the meeting or the holders of a majority of the votes entitled to be cast by the stockholders who are present in person or by proxy may adjourn the meeting. At such adjourned meeting at which a quorum may be present, any business may be transacted which might have been transacted at the meeting as originally called.

How many votes are required to approve a proposal?

Directors (Item 1) will be elected by a plurality of the votes cast by the holders of the shares of Class A Common Stock and Class B Common Stock voting in person or by proxy at the Annual Meeting. Under our bylaws, ratification of the appointment of KPMG LLP as independent auditors for the fiscal year ending June 30, 2007 (Item 2) requires the affirmative vote of a majority of the votes cast “for” and “against” the proposal by holders of Class A Common Stock and Class B Common Stock. Accordingly, abstentions and broker non-votes, while not included in calculating vote totals for these proposals, will have the practical effect of reducing the number of “For” votes needed to approve them.

How will my shares be voted?

All proxies properly submitted pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. In the election of directors to serve until the Annual Meeting of Stockholders in 2009, stockholders may vote in favor of all nominees or withhold their votes as to any or all nominees.

Regarding the ratification of the appointment of KPMG LLP as independent auditors for the fiscal year ending June 30, 2007 stockholders may vote in favor of the proposal, may vote against the proposal or may abstain from voting. Stockholders should specify their choices on the enclosed proxy card or pursuant to the instructions thereon for telephone or internet voting. If no specific choices are indicated, the shares represented by a properly submitted proxy will be voted:

1. FOR the election of all nominees as director; and
2. FOR the ratification of the appointment of KPMG LLP as independent auditors.

What if my shares are held by a broker?

If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. If you do not give voting instructions to your broker, your broker may vote your shares for you on any discretionary items of business to be voted upon at the Annual Meeting, such as the election of directors (Item 1) and the ratification of the appointment of KPMG LLP (Item 2). “Broker non-votes” will be included in determining the presence of a quorum at the Annual Meeting.

Who will count the vote?

Representatives of Mellon Investor Services LLC will tabulate the votes and act as inspectors of election.

May I see a list of stockholders entitled to vote as of the Record Date?

A list of registered stockholders as of the close of business on September 15, 2006 will be available for examination by any stockholder for any purpose germane to the meeting during normal business hours from October 17, 2006 through October 30, 2006, at the office of Spencer G. Smul, Vice President, Deputy General Counsel and Assistant Secretary of the Company, at 767 Fifth Avenue, New York, New York 10153.

Additional Information Regarding the Board of Directors

Stockholders' Agreement. All Lauder Family Members (other than Aerin Lauder, Jane Lauder, Lauder & Sons, L.P., The 1995 Estee Lauder LAL Trust #1, The 1995 Estee Lauder LAL Trust #2 and The 4202 Corporation) who beneficially own shares of Common Stock have agreed pursuant to a stockholders' agreement with the Company ("the Stockholders' Agreement") to vote all shares beneficially owned by them for Leonard A. Lauder, Ronald S. Lauder and one person, if any, designated by each as a director of the Company. Lauder Family Members who are parties to the Stockholders' Agreement beneficially owned, in the aggregate, on September 15, 2006, shares of Common Stock having approximately 82.3% of the voting power of the Company. The right of each of Leonard A. Lauder and Ronald S. Lauder to designate a nominee exists only when he (including his descendants) beneficially owns (other than by reason of the Stockholders' Agreement) shares of Common Stock with at least 10% of the total voting power of the Company. Currently, William P. Lauder is the nominee of Leonard A. Lauder and Aerin Lauder is the nominee of Ronald S. Lauder. The right of each of Leonard A. Lauder and Ronald S. Lauder to be nominated will exist so long as he (including his descendants) beneficially owns shares of Common Stock with at least 5% of the total voting power of the Company. In the event that Leonard A. Lauder ceases to be a member of the Board of Directors by reason of his death or disability, then his sons, William P. Lauder and Gary M. Lauder, will succeed to his rights to be nominated as a director and to designate one nominee. If either son is unable to serve by reason of his death or disability, the other son will have the right to designate a nominee. Similarly, Aerin Lauder and Jane Lauder, Ronald S. Lauder's daughters, will succeed to their father's rights if he should cease to be a director by reason of his death or disability. If either daughter is unable to serve by reason of her death or disability, the other daughter will have the right to designate a nominee. In the event none of Leonard A. Lauder and his sons and Ronald S. Lauder and his daughters are able to serve as directors by reason of death or disability, then the

rights under the Stockholders' Agreement to be a nominee and to designate a nominee will cease.

Board Committees. The Board of Directors has established three regular committees—the Audit Committee, the Compensation Committee (which includes the Stock Plan Subcommittee) and the Nominating and Board Affairs Committee. The charters for each of these Committees may be found in the "Investors" section of the Company's website: www.elcompanies.com under the heading "Corporate Governance." Stockholders may also contact Investor Relations at 767 Fifth Avenue, New York, New York 10153 or call 800-308-2334 to obtain a hard copy of these documents without charge.

The Company is a "controlled company" in accordance with rules promulgated by the New York Stock Exchange, because the Lauder family and their related entities hold more than 50% of the voting power of the outstanding voting stock. As such, the Company may avail itself of exemptions relating to the independence of the Board and certain Board committees. Despite the availability of such exemptions, the Board of Directors has determined that it will have a majority of independent directors and that both the Nominating and Board Affairs Committee and the Compensation Committee will have the required provisions in their charters. The Board of Directors currently has also determined to use the two remaining exemptions, and thus will not require that the Nominating and Board Affairs Committee and Compensation Committee be comprised solely of independent directors.

The Audit Committee members are Irvine O. Hockaday, Jr., Chair, Melody Hobson, Barry S. Sternlicht and Paul J. Fribourg. The Board of Directors has determined that Mr. Hockaday, Ms. Hobson, Mr. Sternlicht and Mr. Fribourg each qualifies as an "Audit Committee Financial Expert" in accordance with the rules promulgated by the Securities and Exchange Commission. The Audit Committee has a written charter adopted by the Board of Directors. The Committee, among other things, appoints the independent auditors, reviews the independence of such auditors, approves the scope of the annual audit activities of the independent auditors and the Company's Internal Control Department, reviews audit results

and reviews and discusses the Company's financial statements with management and the independent auditors. The Committee also meets separately, at least quarterly, with the Chief Financial Officer and Chief Internal Control Officer and with representatives of the independent auditor.

The Compensation Committee members are Richard D. Parsons, Chair, Rose Marie Bravo and Lynn Forester de Rothschild. The Committee, among other things, has the authority to establish and approve compensation plans and arrangements with respect to the Company's executive officers and administers the executive annual incentive plan. The Stock Plan Subcommittee, whose members are Rose Marie Bravo and Lynn Forester de Rothschild, has the authority to adopt and administer the Company's share incentive plans.

The Nominating and Board Affairs Committee members are Charlene Barshefsky, Leonard A. Lauder, Richard D. Parsons and Lynn Forester de Rothschild, Chair. The Committee, among other things, recommends nominees for election as members of the Board, considers and makes recommendations regarding Board practices and procedures and reviews the compensation for service as a Board member.

Each committee reports regularly to the Board and has authority to engage its own advisors.

Board and Board Committee Meetings; Attendance at Annual Meetings; Executive Sessions. Directors are expected to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time. In furtherance of the Board's role, directors are expected to attend all scheduled Board and Board Committee meetings and all meetings of stockholders. In fiscal 2006, the Board of Directors met five times, the Compensation Committee met five times, the Stock Plan Subcommittee met five times, the Audit Committee met eleven times, and the Nominating and Board Affairs Committee met four times. The total combined attendance for all board and committee meetings was 96.4%. Mr. Sternlicht's attendance for Board and committee meetings was 68.8%. In fiscal 2006, the non-employee directors met five times in executive session

including three meetings at which at least one management director was present for all or part of the session. All twelve of the Company's directors serving at that time attended the Company's 2005 Annual Meeting of Stockholders.

Irvine O. Hockaday, Jr. has served as the presiding director for all executive sessions of the Board of Directors since November 2004. Mr. Hockaday has been appointed by the Board to serve for an additional one-year term beginning after the 2006 Annual Meeting. The presiding director serves for a one-year term beginning with the meeting of the Board immediately following the Annual Meeting of Stockholders and is selected from among the independent members of the Board.

Board Membership Criteria. The Nominating and Board Affairs Committee works with the Board on an annual basis to determine the appropriate characteristics, skills and experience for the Board as a whole and for its individual members. All directors should possess the highest personal and professional ethics as well as an inquisitive and objective perspective, practical wisdom and mature judgment. In evaluating the suitability of individual Board members, the Board takes into account many factors, including general understanding of the Company's business on a technical level and educational and professional background. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best support the success of the business and, based on its diversity of experience, represent stockholder interests through the exercise of sound judgment. In determining whether to recommend a director for re-election, the Nominating and Board Affairs Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board.

Upon determining the need for additional or replacement Board members, the Nominating and Board Affairs Committee will identify one or more director candidates and evaluate each candidate under the criteria described above based on the information it receives with a recommendation or that it otherwise possesses, which information may be supplemented by additional inquiries. Application of these criteria involves the exercise of judgment and cannot be

measured in any mathematical or routine way. Based on its assessment of each candidate's independence, skills and qualifications and the criteria described above, the Committee will make recommendations regarding potential director candidates to the Board. The Committee may engage third parties to assist in the search for director candidates or to assist in gathering information regarding a candidate's background and experience. The Committee will evaluate stockholder recommended candidates in the same manner as other candidates. Candidates may also be designated pursuant to the Stockholders' Agreement. See "Additional Information Regarding the Board of Directors—Stockholders' Agreement."

Board Independence Standards for Directors.

To be considered "independent" for purposes of membership on the Company's Board of Directors, the Board must determine that a director has no material relationship with the Company, including any of its subsidiaries, other than as a director. For each director, the Board broadly considers all relevant facts and circumstances. In making its determination, the Board considers the following categories of relationships to be material, thus precluding a determination that a director is "independent":

- (i) the director is an employee of the Company, or an immediate family member of the director is an executive officer of the Company, or was so employed during the last three years.
- (ii) the director receives, or an immediate family member of the director receives, during any twelve-month period within the last three years, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- (iii) (A) the director or an immediate family member of the director is a current partner of a firm that is the Company's internal or external auditor, (B) the director is a current employee of such a firm, (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (D) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the listed company's audit within that time.
- (iv) the director or an immediate family member of the director is, or has been within the last three years, employed, as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.
- (v) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Additionally, the following relationships will not be considered to be "material" relationships that would impair a director's independence:

- (i) any of the relationships described in (i)-(v) above, if such relationships occurred more than three years ago, or
- (ii) if a director is a current employee, or an immediate family member of a director is a current executive officer of another company that does business with the Company and such other company, during the current or last fiscal year, made payments to or received payments from, the Company of less than \$1 million or two percent (2%) of such other company's consolidated gross revenues, whichever is greater.

Contributions to tax exempt organizations shall not be considered payments for purposes of these independence standards. An "immediate family member" includes a director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

The Board reviews at least annually whether directors meet these Director Independence Standards.

The following eight directors, have been determined by the Board to be “independent” pursuant to New York Stock Exchange rules and the Company’s Independent Director Standards described above: Charlene Barshefsky, Rose Marie Bravo, Paul J. Fribourg, Melody Hobson, Irvine O. Hockaday, Jr., Marshall Rose, Lynn Forester de Rothschild and Barry S. Sternlicht.

In addition to the foregoing, in order to be considered “independent” under New York Stock Exchange rules for purposes of serving on the Company’s Audit Committee, a director also may not accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the Company, other than as a director, and may not be an “affiliated person” of the Company. Audit Committee members may receive directors’ fees and fixed payments for prior service with the Company. The Board has determined that each of the members of the Audit Committee meet these additional independence requirements as well.

Communications with the Board. A stockholder who wishes to communicate with the Board, any Committee thereof, the non-management directors as a group, or any individual director, including the presiding director for executive sessions of the Board, may do so by addressing the correspondence to that individual or group, c/o Sara E. Moss, Executive Vice President, General Counsel and Secretary, The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. She, or her designee, will review all such correspondence to determine that the substance of the correspondence relates to the duties and responsibilities of the Board or individual Board member before forwarding the correspondence to the intended recipient. Spam, junk mail, solicitations, and hostile, threatening, illegal or similarly unsuitable material will not be forwarded to the intended recipient and, if circumstances warrant, may be forwarded to the Company’s security staff. Compensation of Directors. Initial Stock Grant. On the date of the first annual meeting of stockholders which is more than six months after a non-employee director’s initial election to the Board, the director receives a grant of 2,000 shares of Class A Common Stock (plus a cash payment in an amount to cover related income taxes).

Annual Retainer for Board Service. Each non-employee director receives an annual cash retainer of \$70,000, payable quarterly. An additional \$25,000 is payable to each non-employee director by a grant of stock units (accompanied by dividend equivalent rights) as an annual stock retainer in the fourth quarter of the calendar year. Each stock unit is convertible into shares of Class A Common Stock on or after the first business day of the calendar year following the one in which the director ceases to be a member of the Board. The number of stock units to be awarded is determined by dividing \$25,000 by the average closing price of the Class A Common Stock on the twenty trading days next preceding the date of grant. In lieu of receiving stock units, a director may elect to receive options in respect of Class A Common Stock. The number of shares subject to such option grant is determined by dividing \$75,000 by the closing price per share of the Class A Common Stock on the date of grant. Such price per share is also the exercise price per share of the options. Options have 10-year terms (subject to post-service limitations), vest immediately, and are exercisable one year after the date of grant. In no event will stock units or stock options representing more than 5,000 shares of Class A Common Stock be granted in connection with the annual stock retainer.

Stock Options. In addition to the cash and stock portion of the retainer, each non-employee director receives an annual grant of options with 10-year terms to purchase 5,000 shares of Class A Common Stock. The exercise price of the options is equal to the closing price of the Class A Common Stock on the date of grant and the options vest and are exercisable one year after the date of grant (subject to post-service limitations).

Annual Retainer for Committee Service. Each director who serves on a Committee receives an additional annual retainer, payable quarterly in

the following amounts: \$8,000 per year for service on the Nominating and Board Affairs Committee, \$12,000 per year for service on the Audit Committee, and \$8,000 per year for service on the Compensation Committee (including service on the Stock Plan Subcommittee). In addition, the Chairman of the Audit Committee receives an annual retainer of \$25,000 and the Chairmen of the Compensation Committee and the Nominating and Board Affairs Committee receive an annual retainer of \$15,000 each.

Deferral. Non-employee directors may elect to defer receipt of all or part of their cash-based compensation. The deferrals may take the form of stock equivalent units (accompanied by dividend equivalent rights) to be paid out in cash or may simply accrue interest until paid out in cash.

Reimbursement of Expenses. Non-employee directors are reimbursed for their reasonable expenses (including costs of travel, food and lodging), incurred in attending Board, committee and stockholder meetings. Directors are also reimbursed for any other reasonable expenses relating to their service on the Board, including participating in director continuing education and Company site visits.

Management Directors. Directors who are also employees of the Company receive no additional compensation for service as directors.

Company Products. The Company provides directors with representative samples of the Company's products. The Company believes that receiving these products serve a business purpose by expanding the directors' knowledge of the Company's business. The Company also provides each director with the opportunity to purchase up to \$1,280 worth of the Company's products each calendar year (based on suggested retail prices) at no charge. If directors choose to take advantage of such opportunities and purchase more than \$640 worth of the Company's product, the excess is imputed as taxable income. Non-employee directors may also purchase a limited amount of Company products at a price equal to 50% off the suggested retail price, which is the same program made available to officers of the Company.

Director Nominees Recommended by Stockholders. The Nominating and Board Affairs Committee will consider stockholder

recommendations of nominees in the same manner as and pursuant to the same criteria by which it considers all other nominees, except for nominations received pursuant to the Stockholders' Agreement. See "Board Membership Criteria." Stockholders who wish to suggest qualified candidates should send their written recommendation to the Nominating and Board Affairs Committee c/o Sara E. Moss, Executive Vice President, General Counsel and Secretary, The Estée Lauder Companies Inc., 767 Fifth Avenue, New York, New York 10153. The following information must accompany any such recommendation by a stockholder: (i) the name and address of the stockholder making the recommendation, (ii) the name, address, telephone number and social security number of the proposed nominee, (iii) the class or series and number of shares of the Company that are beneficially owned by the stockholder making the recommendation, (iv) a description of all arrangements or understandings between the stockholder and the candidate, and an executed written consent of the proposed nominee to serve as a director of the Company if so elected, (v) a copy of the proposed nominee's resume and references, and (vi) an analysis of the candidate's qualifications to serve on the Board of Directors and on each of the Board's committees in light of the criteria for Board membership established by the Board. See "Board Membership Criteria." For stockholders intending to nominate an individual for election as a director directly, there are specific procedures set forth in our bylaws. See "Stockholder Proposals and Direct Nominations."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s officers and directors, and any persons who own more than 10% of the Class A Common Stock, to file forms reporting their initial beneficial ownership of common stock and subsequent changes in that ownership with the Securities and Exchange

Commission and the New York Stock Exchange. Officers, directors and greater-than-10% beneficial owners also are required to furnish the Company with copies of all forms they file under Section 16(a). Based solely upon a review of the copies of the forms furnished to the Company, or a written representation from a reporting person that no Form 5 was required, the Company believes that during the 2006 fiscal year all Section 16(a) filing requirements were satisfied.

Lauder, Ronald S. Lauder and Morgan Guaranty have three demand registration rights and The Estée Lauder 1994 Trust has six demand registration rights in respect of shares of Class A Common Stock (including Class A Common Stock issued upon conversion of Class B Common Stock) held by them. Three of the demand rights granted to The Estée Lauder 1994 Trust may be used only by a pledgee of The Estée Lauder 1994 Trust’s shares of Common Stock. All the parties to the Registration Rights Agreement (other than the Company) also have an unlimited number of piggyback registration rights in respect of their shares. The rights of Morgan Guaranty and any other pledgee of The Estée Lauder 1994 Trust under the Registration Rights Agreement will be exercisable only in the event of a default under certain loan arrangements. Leonard A. Lauder and Ronald S. Lauder may assign their demand registration rights to Lauder Family Members. The Company is not required to effect more than one registration of Class A Common Stock in any consecutive twelve-month period. The piggyback registration rights allow the holders to include their shares of Class A Common Stock in any registration statement filed by the Company, subject to certain limitations.

The Company is required to pay all expenses (other than underwriting discounts and commissions of the selling stockholders, taxes payable by the selling stockholders and the fees and expenses of the selling stockholders’ counsel) in connection with any demand registrations, as well as any registrations pursuant to the exercise of piggyback rights. The Company has agreed to indemnify the selling stockholders against certain liabilities, including liabilities arising under the Securities Act of 1933.

Stockholders’ Agreement. All Lauder Family Members (other than Aerin Lauder, Jane Lauder, Lauder & Sons, L.P., The 1995 Estee Lauder LAL Trust #1, The 1995 Estee Lauder LAL Trust #2 and The 4202 Corporation) who beneficially own shares of Common Stock are parties to the Stockholders’ Agreement. The stockholders who

are parties to the Stockholders' Agreement beneficially owned, in the aggregate, shares of Common Stock having approximately 82.3% of the voting power of the Company on September 15, 2006. Such stockholders have agreed to vote in favor of the election of Leonard A. Lauder and Ronald S. Lauder and one designee of each as directors. See "Additional Information Regarding the Board of Directors—Stockholders' Agreement." Parties to the Stockholders' Agreement, may, without restriction under the agreement, sell their shares in a widely distributed underwritten public offering, in sales made in compliance with Rule 144 under the Securities Act of 1933 or to other Lauder Family Members. In addition, each party to the Stockholders' Agreement may freely donate shares in an amount not to exceed 1% of the outstanding shares of Common Stock in any 90-day period. In the case of other private sales, each stockholder who is a party to the Stockholders' Agreement (the "Offering Stockholder") has granted to each other party (the "Offeree") a right of first offer to purchase shares of Class A Common Stock that the Offering Stockholder intends to sell to a person (or group of persons) who is not a Lauder Family Member. Each Offeree has the opportunity to purchase the Offeree's pro rata portion of the shares to be offered by the Offering Stockholder, as well as additional shares not purchased by other Offerees. Any shares not purchased pursuant to the right of first offer may be sold at or above 95% of the price offered to the Offerees. The agreement also includes provisions for bona fide pledges of shares of Common Stock and procedures related to such pledges. The Stockholders' Agreement will terminate upon the occurrence of certain specified events, including the transfer of shares of Common Stock by a party to the Stockholders' Agreement that causes all parties thereto immediately after such transaction to own beneficially in the aggregate shares having less than 10% of the total voting power of the Company.

Other Arrangements. The Company has subleased certain of its office space in New York to an affiliate of Ronald S. Lauder. For fiscal 2006, the rent paid or accrued was approximately \$703,000, which equals the Company's lease

payments for that space. The Company also has agreed to provide such affiliate with certain services, such as phone systems, payroll service and office and administrative services, which are reimbursed at a rate approximating the Company's incremental cost thereof. For fiscal 2006, the affiliate paid approximately \$7.7 million pursuant to such agreement. At June 30, 2006, the affiliate had deposited with the Company \$1.1 million to cover expenses. The Company has similar arrangements for space and services with an affiliate of Leonard A. Lauder and his family. For fiscal 2006, that affiliate and/or family members paid the Company \$3.2 million for office space and certain services, such as phone systems, payroll service and office and administrative services. At June 30, 2006, the affiliate and family members had deposited with the Company \$853,000 to cover expenses. The payments by the affiliates and family members approximated the Company's incremental cost of such space and services.

Certain members of the Lauder family (and entities affiliated with one or more of them) own numerous works of art that are displayed at the Company's offices. The Company pays no fee to the owners for displaying such works. The owners of the works pay for their maintenance. In fiscal 2006, the Company paid premiums of about \$7,100 for insurance relating to such works.

The Company, as is common for major global consumer products companies, regularly advertises in various media, including magazines, television, radio and the Internet. Some of these advertisements may appear from time to time in magazines, cable networks and websites owned by or associated with Time Warner Inc., of which Richard D. Parsons, one of our directors, is Chairman of the Board of Directors as well as Chief Executive Officer. In many cases, advertisements are placed indirectly through advertising agencies. In fiscal 2006, the Company estimates that the aggregate cost of advertisements appearing in or on such magazines and other media was about \$12.5 million, an amount which is not material to the Company or to Time Warner Inc.

The Company is required to indemnify, to the fullest extent permitted by law, its officers and directors who are parties, threatened to be made

parties to or otherwise involved in lawsuits or other proceedings by reason of the fact that they are or were officers or directors of the Company. Accordingly, the Company has advanced and the Company will continue to advance certain attorneys' fees and expenses incurred by officers and directors in connection with the securities class action and related derivative action and the informal inquiry by the staff of the Securities and Exchange Commission described in the Company's 2006 Annual Report on Form 10-K. Certain executive officers and directors have retained their own counsel with respect to these matters. For the fiscal year ended June 30, 2006,

the Company advanced the following amounts for the representation of individual executive officers and directors: Ronald S. Lauder, \$142,000; Malcolm Bond, \$153,379; Daniel Brestle, \$210,703; and Richard W. Kunes, \$118,673.

Other Family Relationships. David Caracappa is a Director of Marketing for Travel Retail Clinique Marketing. He is the son of Roger Caracappa, Executive Vice President—Global Packaging, Quality Assurance, Store Development, Design and Merchandising. In respect of fiscal 2006, David Caracappa received salary and bonus of less than \$110,000.

Option Grants in Fiscal 2005

	Individual Grants				
	Number of Securities Underlying Options (#) (1)	% of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Sh)	Expiration Date	Grant Date Present Values (\$) (2)
Leonard A. Lauder	—	—	N.A.	N.A.	N.A.
William P. Lauder	150,000	8.41	35.00	9/26/15	1,888,500
Daniel J. Brestle	100,000	5.61	35.00	9/26/15	1,259,000
Patrick Bousquet-Chavanne	50,000	2.80	35.00	9/26/15	629,500
Philip Shearer	50,000	2.80	35.00	9/26/15	629,500

- (1) The options granted in fiscal 2006 to the named executive officers have 10-year terms and were granted pursuant to the Amended and Restated Fiscal 2002 Share Incentive Plan with an exercise price equal to the closing price of the Class A Common Stock on the date of grant. Options are generally exercisable in three substantially equal tranches beginning January 1, 2007, 2008, and 2009, respectively, subject to early vesting upon the occurrence of certain events, such as a change in control or retirement.
- (2) The Black-Scholes option-pricing model was chosen to estimate the Grant Date Present Value of the options set forth in this table. The Company's use of this model should not

be construed as an endorsement of its accuracy for valuing options. Among other things, the stock option model requires a prediction about the future movement of the stock price. The following assumptions were made for purposes of calculating Grant Date Present Value: expected average time of exercise of nine years, volatility of 23%, dividend yield of 0.9% and average risk-free rate of return of 4.2%. The value of the options in this table that will ultimately be realized by the grantee depends upon the actual performance of the Company's Class A Common Stock during the term of the option from the date of grant through the date of exercise.

- (1) Value realized is calculated for each option as the difference between the sale prices of the shares of the Company's Class A Common Stock obtained upon exercise and the option exercise price. In the case of Mr. W. Lauder, who did not sell the underlying shares of Class A Common Stock obtained upon exercise, the value realized is the difference

between the market price of a share of Class A Common Stock at the time of exercise and the option exercise price. Income taxes payable upon exercise and associated fees and commissions that reduce the value received are not reported in this table.

- (2) Value of unexercised in-the-money unexercisable options is the difference between (a) the market price of a share of Class A Common Stock on June 30, 2006, the last trading day in fiscal 2006 (\$38.67), multiplied by the number of shares of Class A Common Stock underlying the unexercisable in-the-money options and (b) the aggregate exercise price if one were

to exercise all the unexercisable in-the-money options on that date. The value of in-the-money exercisable options is calculated in the same way, but using the exercisable options instead of the unexercisable ones. No reduction is made for income taxes payable upon exercise and associated fees and commissions that would reduce the value that could be received.

- (1) Represents the number of shares of Class A Common Stock underlying aggregate target payout of performance share units (“PSUs”) granted in fiscal 2006.
- (2) Future payout of PSUs is generally subject to the achievement by the Company of its net sales and net earnings per share goals for the three years ending June 30, 2008, which were set in September 2005. No payouts will be made pursuant to the net sales opportunities or the earnings per share opportunity unless the threshold for such opportunity is achieved and additional shares shall be paid out if performance exceeds the targeted performance goals. Except as provided below, full payout to any executive is subject to his continued employment through June 30, 2008 (the “Award Period”) or formal retirement under the Company’s pension plan during the Award Period. Pro rata payouts will be made to the executive or his estate if he dies or becomes permanently disabled during the Award Period or if he is terminated without cause in the second or third year of the Award Period. PSUs are forfeited upon voluntary resignation (which does not qualify as retirement), termination for cause and termination by the Company without cause in

the first year of the Award Period. Full payouts based on target award amounts will be made in the case of a change in control. Upon payout, shares will be withheld to cover minimum statutory tax obligations. PSUs are accompanied by dividend equivalent rights that will be payable in cash at the time of payout of the related shares. Measurement of performance is subject to certain automatic adjustments, such as changes in accounting principles, the impact of discontinued operations and non-recurring income/expenses.

Pension Plans

The Company provides retirement benefits to its employees in the United States through a defined benefit plan, which is intended to be qualified under Section 401 of the Internal Revenue Code, and a related non-qualified restoration plan. In general, for employees who were at least 50 years old and had five years of Company qualifying employment on January 1, 1993 or who had ten years of Company qualifying employment as of that date, retirement benefits pursuant to the plans are calculated as a multiple of years of qualifying Company employment, times final qualifying average compensation, times

a percentage (currently 1.5%), offset by certain amounts calculated with reference to Social Security entitlements. For other employees, retirement benefits under the plans are the aggregate amount of annual credits (calculated with reference to total annual compensation, with certain items excluded) plus interest credits thereon. The benefits payable to Leonard A. Lauder and Philip Shearer are calculated with reference to supplemental undertakings.

Leonard A. Lauder has 48 years of qualifying Company employment and is retirement eligible. If he were to retire currently, his annual retirement benefits would be approximately \$1.4 million. Pursuant to applicable law, now that Mr. Lauder is more than 70½ years old, he is receiving partial distributions of this amount during his continued employment of approximately \$0.2 million per annum. In addition, he is being paid approximately \$2.0 million per year, pursuant to a deferred compensation arrangement in his current and former employment agreements. Payments under such arrangement commenced upon his 70th birthday in March 2003 and will continue until March 2013.

William P. Lauder currently has 20 years of qualifying Company employment. If he retired at normal retirement age (i.e. 65) with 39 years of qualifying Company employment, his projected annual retirement benefit would be approximately \$0.69 million payable during his lifetime.

Mr. Brestle currently has 28 years of qualifying Company employment. If he retired at normal retirement age with 32 years of qualifying Company employment, his projected annual retirement benefit would be approximately \$0.6 million payable during his lifetime.

Mr. Bousquet-Chavanne currently has 17 years of qualifying Company employment. If he retired at normal retirement age with 34 years of qualifying Company employment, his projected annual retirement benefit would be approximately \$0.47 million payable during his lifetime.

Mr. Shearer currently has 5 years of qualifying Company employment. If he retired at normal retirement age with 16 years of qualifying Company employment, his projected annual

retirement benefit would be approximately \$0.82 million payable during his lifetime.

Mr. Lauder is entitled to participate in standard benefit plans, such as the Company's pension and medical plans, and has a supplemental pension arrangement discussed above. The Compensation Committee has granted to Mr. Lauder aggregate bonus opportunities for fiscal 2007 with a target payout of \$1.8 million. Mr. Lauder is entitled to participate in the Fiscal 1999 Share Incentive Plan and Amended and Restated Fiscal 2002 Share Incentive Plan, but no grants have been made to him under either plan to date. If Mr. Lauder retires, the Company will continue to provide him with the office he currently occupies (or a comparable office if the Company relocates) and a full-time executive secretary for as long as he would like. The Company may terminate Mr. Lauder's employment at any time if he becomes "permanently disabled," in which event Mr. Lauder will be entitled to (i) receive his base salary for a period of two years after termination, (ii) receive bonus compensation at an annual rate equal to the average of the actual bonuses paid to him prior to such termination under the LAL Agreement (the "Leonard Lauder Bonus Compensation") and (iii) participate in the Company's benefit plans for two years. In the event of Mr. Lauder's death during the term of his employment, for a period of one-year from the date of Mr. Lauder's death, his beneficiary or legal representative will be entitled to receive Mr. Lauder's base salary and the Leonard Lauder Bonus Compensation. Mr. Lauder may terminate his employment at any time upon six months' written notice to the Company, in which event Mr. Lauder will be entitled to receive his base salary and the Leonard Lauder Bonus Compensation for the six-month period following

termination. In addition, the Company may terminate Mr. Lauder's employment for any reason upon 60 days' written notice. In the event of termination of his employment by the Company (other than for cause, disability or death) or a termination by Mr. Lauder for good reason after a change of control, (a) Mr. Lauder, for a period of three years from the date of termination, will be entitled to (i) receive his base salary in effect at the time of termination, (ii) receive the Leonard Lauder Bonus Compensation and (iii) participate in the Company's benefit plans and (b) in the case of termination by the Company (other than for cause, disability or death), Mr. Lauder will not be subject to the non-competition covenant contained in the LAL Agreement. If Mr. Lauder receives any severance payments, then he is entitled to be reimbursed for any excise taxes that may be imposed on them. Upon termination for any reason, options previously granted to Mr. Lauder will remain exercisable for the remainder of their respective terms, subject to certain non-competition and good conduct provisions.

William P. Lauder. Mr. Lauder's compensation in fiscal 2006 was paid pursuant to his employment agreement, which provides for his employment as President and Chief Executive Officer of the Company through June 30, 2007, unless earlier terminated. In fiscal 2007, Mr. Lauder was granted restricted stock units in respect of 27,471 shares of Class A Common Stock and performance share units with a target payout of 27,471 shares of Class A Common Stock. In addition, the Company has provided to Mr. Lauder additional executive term life insurance with annual premiums paid by the Company in the amount of \$3,900, which amount is reimbursed by his life insurance trust to the Company. The Company may terminate Mr. Lauder's employment at any time if he becomes "permanently disabled," in which event Mr. Lauder will be entitled to (i) receive for a period of one year from the date of termination his base salary in effect at the time of termination, (ii) receive unpaid bonus compensation otherwise payable for the fiscal year in which such disability occurred pro-rated to the date of termination, and (iii) participate in the Company's benefit plans for such one-year period. In the event of Mr. Lauder's death during the term of his employment, his beneficiary or legal representative will be entitled to (i) receive for a period of one-year Mr. Lauder's base salary in effect at the time of death, (ii) receive bonus compensation otherwise payable in respect of the fiscal year prior to that in which he dies and a one-time payment equal to 50% of the average actual bonuses paid or payable during the contract term, and (iii) to receive any other amounts to which he otherwise would have been entitled prior to the date of his death. The Company may terminate his employment for any reason upon 180 days' written notice. In the event of the Company's termination of his employment (other than for cause, disability or death) or a termination by Mr. Lauder for an uncured "material breach" or for good reason after a change of control of the Company, (a) Mr. Lauder will be entitled to (i) receive for the WPL Post-Termination Period his base salary in effect at the time of termination, (ii) receive bonus compensation equal to 100% of the average of incentive compensation bonuses previously paid or payable to him during the contract term, and (iii) participate in the Company's benefit plans during the WPL Post-Termination Period and (b) in the case of termination by the Company (other than for cause, disability or death),

Mr. Lauder will not be subject to the non-competition covenant contained in his current employment agreement. Mr. Lauder may terminate his employment for any reason at any time upon six months' written notice to the Company, in which event the Company shall have no further obligations after termination other than to pay accrued benefits through the date of termination. If the Company does not renew the term of his employment, Mr. Lauder will be entitled to receive for two years his base salary and other benefits consistent with Company policy. In the event that Mr. Lauder's employment with the Company is terminated as a result of death or disability or by the Company without cause or his term of employment is not renewed, all stock options previously granted to Mr. Lauder will vest and become immediately exercisable for the one-year period from the date of such termination, subject to certain non-competition and good conduct provisions. "WPL Post-Termination Period" currently means two years from the date of termination. If Mr. Lauder receives any severance payments, then he is entitled to be reimbursed for any excise taxes that may be imposed on them.

Daniel J. Brestle. Mr. Brestle may terminate his employment at any time upon six months' written notice to the Company, in which event Mr. Brestle will be entitled to receive his base salary for one year following termination or such longer period which is consistent with Company policy for severance (which in no event will exceed two years). Upon termination for any reason, options previously granted to Mr. Brestle will remain exercisable for the remainder of their respective terms, subject to certain non-competition and good conduct provisions. In the event that any termination payment received by Mr. Brestle would be subject to the excise tax (the "Excise Tax") imposed by Section 4999 of the Code, such payments will be reduced (but not below zero) until no portion of such payments would be subject to Excise Tax. "Post-Termination Period" means the longest from the date of termination of (a) one year and (b) a severance period consistent with Company policy (not to exceed two years).

The Company may terminate his employment for any reason upon 180 days' written notice. In the event of the Company's termination of his employment (other than for cause, disability or death), or for non-renewal, or if he terminates his employment with the Company for Good Cause (as defined in his employment agreement),

Each employment agreement also contains certain confidentiality and non-competition provisions.

Compensation Committee and Stock Plan Subcommittee Report

The Company's executive compensation program is designed to attract and retain high quality senior executives, and to motivate them to achieve both short-term and long-term Company, divisional and individual goals. For fiscal 2006, compensation was paid primarily pursuant to employment agreements (for those executive officers that have such agreements), the share incentive plans (which provide for stock-based compensation) and the Executive Annual Incentive Plan (for cash bonuses).

The Compensation Committee, consisting solely of outside directors, oversees and approves compensation arrangements for the executive

officers of the Company (including the opportunities and bonuses paid under the Executive Annual Incentive Plan). The Stock Plan Subcommittee of the Compensation Committee administers the Company's share incentive plans.

The Committee and the Subcommittee have engaged, at their own initiative, compensation consultants of their choice, to review the Company's executive compensation program as well as to assess the competitiveness of the Company's compensation program for the President and Chief Executive Officer and other executive officers. The Committee and Subcommittee receive information regarding each executive officer's total compensation, including deferred compensation balances and earnings, as well as potential payouts upon termination and other benefits.

In setting compensation for the executive officers, the Committee considers comparative information available from other companies. The peer group used for compensation purposes differs from the Peer Group in the Performance Graph because the Committee believes that the compensation peer group better represents the market in which the Company competes for executive talent. The peer group for compensation purposes includes, among others, Alberto-Culver, Avon Products, Colgate-Palmolive, Limited Brands, Polo Ralph Lauren and Revlon. Based on surveys provided by the consultant, overall total compensation levels were positioned generally between the 50th and 75th percentiles of the peers. On average the Company's cash compensation is comparatively higher and its stock-based compensation is comparatively lower than the peers.

Salary and Bonuses

The Compensation Committee believes that the level of responsibility undertaken by individual executives should be appropriately reflected in the establishment of base salary amounts. Additionally, the Committee considers internal pay equity and notes the long tenure of many of the most senior executive officers.

The Committee believes that the performance-based bonus structure provided under the Company's Executive Annual Incentive Plan is of key importance. Accordingly, for

executive officers in charge of sales divisions (i.e. the Group Presidents), a material portion of total bonus eligibility is tied to year-to-year achievements in financial and operational indicators, such as net sales and net operating profit measured at the divisional level. Their bonuses are also based on overall improvements to the Company's net earnings per common share and net sales. For executive officers in charge of corporate departments, bonuses are based in large part on improvements in the Company's net earnings per common share and net sales. For fiscal 2006, the Committee set performance targets based on business conditions and assumptions existing in September 2005, including opportunities for performance beyond the targets. Fiscal 2006 was a challenging year for the Company and certain of its sales divisions. Accordingly, in September 2006, the Committee approved an aggregate bonus payout to each executive officer that was less than his or her aggregate, pre-set target opportunities.

Stock-Based Compensation

In fiscal 2006, the Stock Plan Subcommittee reduced the aggregate number of shares of Class A Common Stock underlying stock-based compensation granted to each executive officer. The Subcommittee reduced the number of shares underlying stock options by 50% and introduced two new elements of stock-based compensation—performance share units and restricted stock units—that together are designed to require less than half the shares of the options that they are replacing. Payout of the performance share units depends upon achievement of corporate-wide performance goals related to earnings per share and net sales growth, and will be paid out in shares of Class A Common Stock if the goals are achieved by the end of fiscal 2008. Similar grants of stock options, restricted stock units and performance share units with a three-year performance period were made in fiscal 2007. The size of each award reflected the recipient's position and anticipated level of future contribution. In certain cases, grants also were made to reward past performance.

In September 2006, the Committee implemented stock ownership guidelines for

executive officers. The guidelines generally provide that executive officers own directly or indirectly (excluding shares underlying unexercised stock options granted by the Company), shares of Class A Common Stock equal to: 2.5 times annual base salary for the Chief Executive Officer, 2 times annual base salary for the Chief Operating Officer, 1.5 times annual base salary for Group Presidents and 1 times annual base salary for all other Executive Officers. Current executive officers have until September 2011 to achieve the ownership levels. Lauder family members who are executive officers already own more shares than are required by the guidelines.

Compensation of the Chief Executive Officer

In setting the compensation for William P. Lauder as President and Chief Executive Officer of the Company, the Committee considered his long tenure at the Company, his compensation in prior years and the compensation of Chief Executive Officers at the compensation peer group referred to above. For fiscal 2006, pursuant to his employment agreement, the amount of salary for Mr. Lauder was set at \$1.5 million and the aggregate target bonus opportunities were set at \$2.0 million. His option grant was in respect of 150,000 shares of Class A Common Stock at an exercise price of \$35.00 and he received restricted stock units in respect of 28,993 shares of Class A Common Stock and performance share units with a target payout of 28,993 shares of Class A Common Stock. Combined, his compensation was set at the median for the compensation peer group. Mr. Lauder's bonus opportunities for fiscal 2006 were based on net sales growth (50%) and net earnings growth (50%). The Company had a challenging year in fiscal 2006. As such, performance was less than that required to achieve 100% of his target bonus opportunities. Accordingly, the aggregate payout in respect of fiscal 2006 was \$1.521 million. The options granted to Mr. Lauder will provide value to him to the extent the price per share of the Company's Class A Common Stock exceeds the exercise price when the options are exercisable.

Limitations on Deductibility

The Committee is aware of the limitations on deductibility for income tax purposes of certain compensation paid to its most highly compensated executive officers and considers the deduction limitation in determining compensation. While the Company's compensation program as it applied to such persons in fiscal 2006 was designed to take advantage of the "performance-based" exception to the deduction limitation, certain non-deductible compensation was authorized. Each employment agreement with the named executive officers

provides that amounts payable pursuant thereto may be deferred to the extent such amounts would not be deductible.
