

...Improving Health Through Technology

Barclays Global Healthcare Conference

March 10, 2009

Safe Harbor Statement

To the extent any statements made in this presentation contain information that is not historical, these statements are forward-looking in nature and express the beliefs and expectations of management. Such statements are based on management's current expectations and are subject to a number of known and unknown risks and uncertainties that could cause Impax's future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. Such risks and uncertainties include, but are not limited to, possible adverse effects resulting from the delisting and subsequent revocation of the registration of Impax's stock, the time that will be required to re-register the stock under section 12 of the Securities Exchange Act, Impax's ability to obtain sufficient capital to fund its operations, the difficulty of predicting FDA filings and approvals, consumer acceptance and demand for new pharmaceutical products, the impact of competitive products and pricing, Impax's ability to successfully develop and commercialize pharmaceutical products, Impax's reliance on key strategic alliances, the uncertainty of patent litigation, the availability of raw materials, the regulatory environment, dependence on patent and other protection for innovative products, exposure to product liability claims, fluctuations in operating results and other risks detailed from time to time in Impax's filings with the Securities and Exchange Commission. Forward-looking statements speak only as to the date on which they are made, and Impax undertakes no obligation to update publicly or revise any forward-looking statement, regardless of whether new information becomes available, future developments occur or otherwise.

Note: All product sales data included herein are derived from data published by Wolters Kluwer Health for the 12 months ending December 31, 2008, except for the veterinary product Carprofen, which are derived from data published by Market Dynamics for the 12 months ending December 31, 2004.

Focused on First-to-File/First to Market

	<u># of Products</u>	<u>Brand Sales</u>
Potential First-to-File	14	\$3B
Potential First-to-File	13	N/A*
Other ER/IR Products	13	\$13B
Total Under Development	40	\$16B

* Brands not yet launched or sales data not yet available

2009 and Beyond

Branded Products Division

Today's Agenda:

- Business strategy
- R&D and commercial activity update
- 2009 and beyond

Business Strategy

505(b)(2) Product Opportunities

- Targeting significant unmet needs in the CNS market
- Improved versions of approved products
- New uses/indications for existing products
- Typical development profile of 4 to 6 years and average cost of \$40 to \$60 million

2008 Research & Development Activity

- Recruited world-class R&D team
- Completed first Phase III study on IPX056
 - Met with FDA on additional Phase III study
- Filed IND for IPX066
 - Initiated PK-PD study
- Initiated 4 additional exploratory programs

IPX056 (Spasticity in MS) Status

- Completed successful Phase III
- Requested FDA for Waiver of Pediatric Study
 - Response expected 2Q 2009
 - May be a go/no-go decision point
- Second, confirmatory Phase III clinical study
 - Will submit protocol under SPA end of 1Q 2009
 - SPA approval from FDA expected 3Q 2009
 - Clinical trial to be initiated 4Q 2009
- NDA submission during first half of 2012

IPX066 (Parkinson's) Status

- Phase II PK-PD study in PD patients initiated before the end of 2008
- Two Phase III studies required
 - FDA approval of protocols under SPA by 2Q and 3Q 2009
 - Clinical trials to begin by 3Q 2009
- NDA submission 4Q 2011

2008 Commercial Operations

- 66 sales reps continued to build relationships with physicians
- Co-promotion agreements

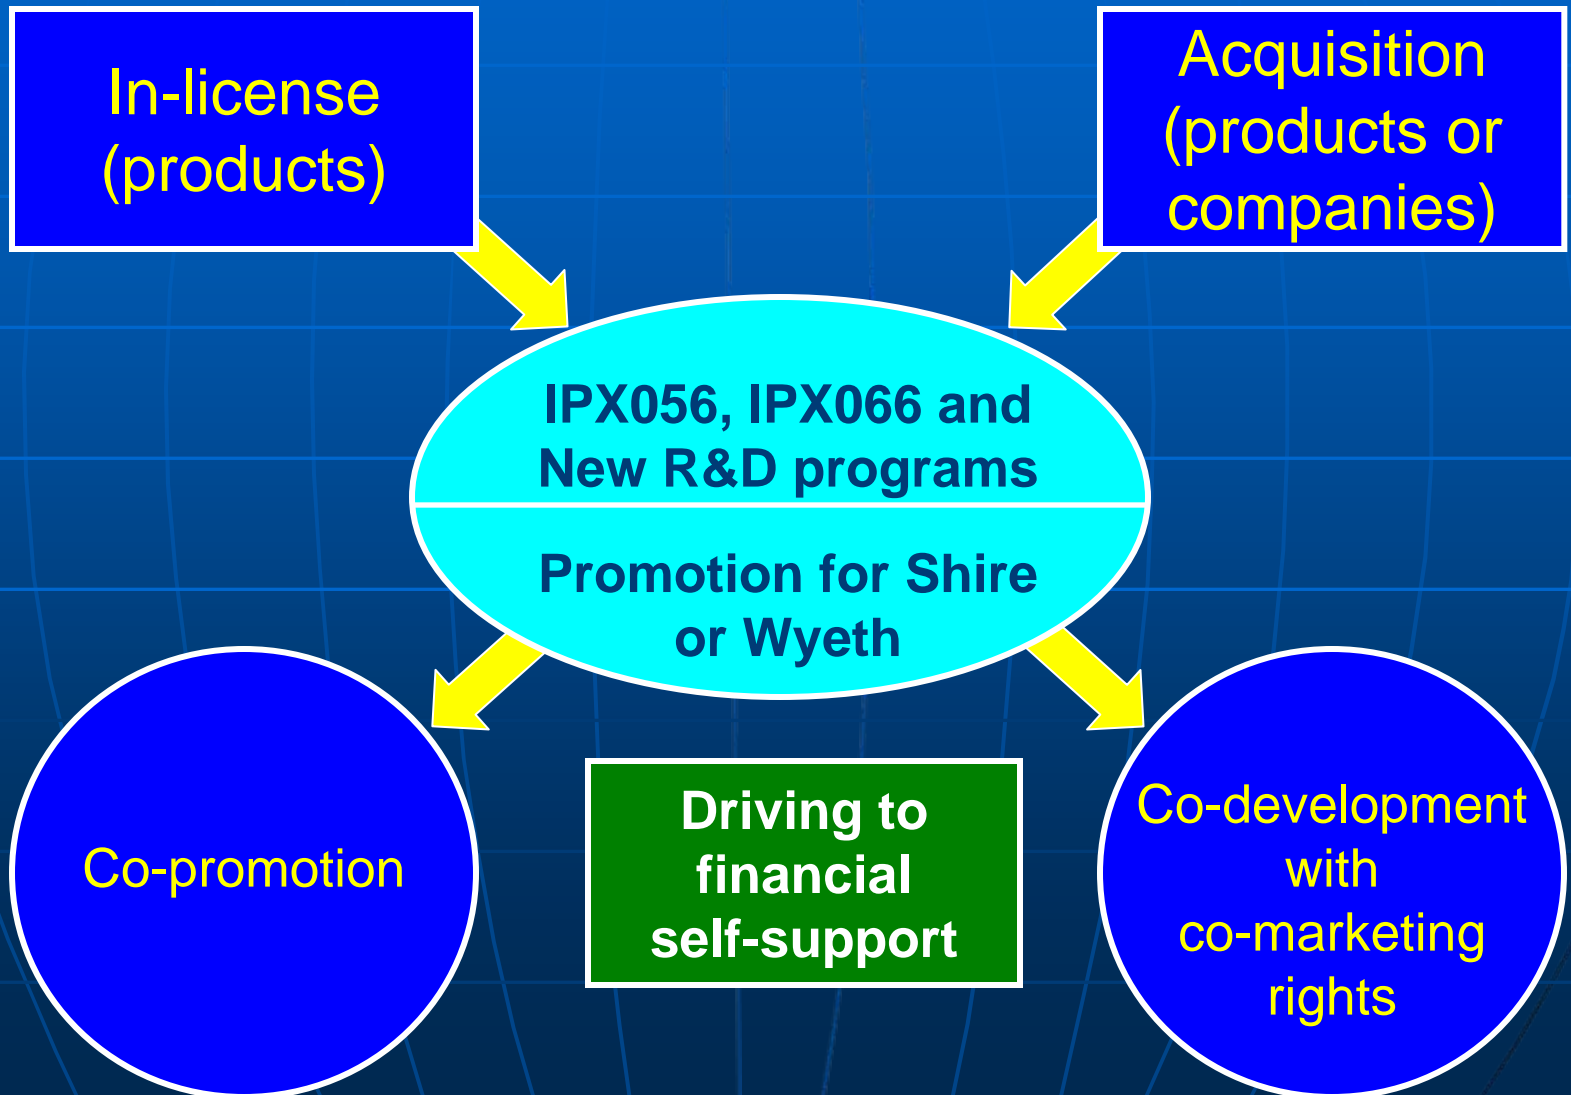

Shire

Ends June 2009

Wyeth

Starts 2009

2009 and Beyond

Financial Update

2008 Financial Update

\$ thousands	Twelve Months ended December 31, 2008	
	GAAP	Non-GAAP
