PROXY STATEMENT

The Board of Directors of SUPERVALU INC. is soliciting proxies for use at the 2005 Annual Meeting of Stockholders to be held on Wednesday, June 15, 2005, and at any adjournment or postponement of the meeting.

This Proxy Statement and the accompanying form of proxy will first be mailed to stockholders who hold SUPERVALU common and preferred stock as of April 18, 2005, the record date for this meeting, on or about May 12, 2005.

VOTING PROCEDURES

Number of Shares Outstanding

SUPERVALU has two classes of capital stock outstanding, common and preferred. The holders of each class are entitled to one vote for each share held, voting together as one class. 135,905,299 shares of common stock and 1,341 shares of preferred stock were outstanding as of the record date for the meeting and therefore are eligible to vote at the meeting.

Vote Required and Method of Counting Votes

The following is an explanation of the vote required for each of the items to be voted on.

You may either vote "FOR," or "WITHHOLD" authority to vote for, each nominee for the Board of Directors. You may vote "FOR," "AGAINST" or "ABSTAIN" on the other items.

The three director nominees receiving the highest number of votes cast will be elected.

The affirmative vote of a majority of the shares of common stock and preferred stock present and entitled to vote at the meeting is required for the approval of Items 2 and 4.

The affirmative vote of a majority of the shares of common stock and preferred stock present and entitled to vote at the meeting is required for the approval of Item 3, provided that the total number of shares that vote on Item 3 represents a majority of the shares outstanding on the record date.

If you submit your proxy but abstain from voting or withhold authority to vote, your shares will be counted as present at the meeting for the purpose of determining a quorum. Your shares also will be counted as present at the meeting for the purpose of calculating the vote on Items 2, 3 and 4. If you abstain from voting on Items 2, 3 and 4, your abstention has the same effect as a vote against those proposals. If you withhold

authority to vote for one or more of the directors, this will have no effect on the outcome of the vote.

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote under the rules of the New York Stock Exchange, Inc. In this situation, a "broker non-vote" occurs. Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but are not considered as entitled to vote on the proposal in question. This effectively reduces the number of shares needed to approve the proposal.

YOUR VOTE IS VERY IMPORTANT. Whether or not you expect to attend the meeting, please submit your proxy vote in one of the following ways:

- **Voting by Mail.** If you wish to vote by mail, please sign, date and mail your proxy card promptly in the enclosed postage-paid envelope.
- **Voting by Telephone and the Internet.** If you wish to vote by telephone or Internet, please follow the instructions on the enclosed proxy card. If you vote by telephone or Internet, you do not need to return the proxy card.
- **Shares held in Street Name.** If your shares are held in the name of a bank, broker or other holder of record, follow the voting instructions you receive from the holder of record to vote your shares. Telephone and Internet voting are also available to stockholders owning stock through most major banks and brokers.
- **Voting by Participants in SUPERVALU Benefit Plans.** If you own shares of SUPERVALU common stock as a participant

in one or more of our employee benefit plans, you will receive a single proxy card that covers both the shares credited to your plan account(s) and shares you own that are registered in the same name. If any of your plan accounts are not in the same name as your shares of record, you will receive separate proxy cards for your record and plan holdings. Proxies submitted by plan participants will serve as voting instructions to the trustee(s) for the plans whether provided by mail, telephone or Internet.

- **Revoking Your Proxy.** You may revoke your proxy at any time before your shares are voted by sending a written statement to the Corporate Secretary, or by submitting another proxy with a later date. You may also revoke your proxy by voting in person at the meeting.

It is important that all stockholders vote. If you submit a proxy by mail, telephone or Internet without indicating how you want to vote, your shares will be voted as recommended by the Board of Directors.

ATTENDING THE ANNUAL MEETING

If you plan to attend the Annual Meeting, you will not be admitted without an admission ticket or proof that you own SUPERVALU stock.

- **Record Stockholders.** If you are a record stockholder (i.e., a person who owns shares registered directly in his or her name with SUPERVALU's transfer agent) and plan to attend the meeting, please indicate this when voting, either by marking the attendance box on the proxy card or responding affirmatively when prompted during telephone or Internet voting. An admission ticket for record stockholders is printed on the proxy card together with directions to the meeting. The

admission ticket must be brought to the meeting.

- **Owners of Shares Held in Street Name.** Beneficial owners of SUPERVALU common stock held in street name by a broker, bank or other nominee will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from the broker, bank or other nominee are examples of proof of ownership. If your shares are held in street name and you want to vote in person at the meeting, you must obtain a written proxy from the broker, bank or other nominee holding your shares.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

The Board of Directors held six regular meetings and no special meetings during the last fiscal year. Each director attended more than 75% of the meetings of the Board and its committees on which the director served.

The Executive Committee of the Board does not have scheduled meetings and did not meet during the year. The Board maintains four other committees: Audit, Finance, Director Affairs, and Executive Personnel and Compensation. Each active committee of the Board has a separate written charter that is available on the Company's website at <http://www.supervalu.com>. Click on the tab "Site Map" and then the caption "Corporate Governance." Copies of the committee charters are also available to any stockholder who submits a request to the Corporate Secretary, SUPERVALU INC., P.O. Box 990, Minneapolis, Minnesota 55440.

Membership on the Audit, Director Affairs, and Executive Personnel and Compensation Committees is limited to non-employee directors. The Board of Directors has determined that all of its non-employee directors, and therefore each member of the Audit, Director Affairs, and Executive Personnel and Compensation Committees, are independent directors as defined under the New York Stock Exchange listing standards.

Audit Committee

The following directors serve on the Audit Committee: Garnett L. Keith, Jr. (Chairperson), Irwin Cohen, Susan E. Engel, Charles M. Lillis and Steven S. Rogers. The Board has determined that all members of the Audit Committee are financially literate under the New York Stock Exchange listing standards and that Irwin Cohen qualifies as an "audit committee financial expert" under the rules of the Securities and Exchange Commission. The Audit Committee met six times during the last fiscal year.

The primary responsibilities of the Audit Committee are to assist the Board of Directors in:

- Its oversight of our accounting and financial reporting principles and policies, and internal controls and procedures;

- Its oversight of our financial statements and the independent registered public accountants thereof;
- Selecting, evaluating and, where deemed appropriate, replacing the independent registered public accountants; and
- Evaluating the independence of the independent registered public accountants.

Finance Committee

The following directors serve on the Finance Committee: Charles M. Lillis (Chairperson), Irwin Cohen, Ronald E. Daly, Garnett L. Keith, Jr., Jeffrey Noddle, and Marissa Peterson. The Finance Committee met two times during the last fiscal year.

The primary responsibilities of the Finance Committee are to review SUPERVALU's financial structure, policies and future financial plans, and to make recommendations concerning them to the Board. In carrying out these responsibilities, the Finance Committee periodically reviews:

- Our annual operating and capital budgets as proposed by management, and our performance as compared to the approved budgets;
- Dividend policy and rates;
- Investment performance of our employee benefit plans;
- Our financing arrangements;
- Our capital structure, including key financial ratios such as debt to equity ratios and coverage of fixed charges; and
- Proposals for changes in our capitalization, including purchases of treasury stock.

Director Affairs Committee

The following directors serve on the Director Affairs Committee: Lawrence A. Del Santo (Chairperson), Edwin C. Gage, Richard L. Knowlton, Marissa Peterson and Steven S. Rogers. The Director Affairs Committee met three times during the last fiscal year.

The mission of the Director Affairs Committee is to recommend a framework to assist the Board in fulfilling its corporate governance responsibilities. In carrying out its mission, the Director Affairs Committee establishes and regularly reviews the Board's policies and procedures, which provide:

- Criteria for the size and composition of the Board;
- Procedures for the conduct of Board meetings, including executive sessions of the Board;
- Policies on director retirement and resignation; and
- Criteria regarding personal qualifications needed for Board membership.

In addition, the Director Affairs Committee has the responsibility to:

- Consider and recommend nominations for Board membership and the composition of Board Committees;
- Evaluate Board practices at SUPERVALU and other well-managed companies and recommend appropriate changes to the Board (see "SUPERVALU Board Practices" below);
- Consider governance issues raised by stockholders and recommend appropriate responses to the Board; and
- Consider appropriate compensation for directors.

SUPERVALU BOARD PRACTICES

In order to help our stockholders better understand SUPERVALU's Board practices, we are including the following description of current practices. The Director Affairs Committee periodically reviews these practices.

Evaluation of Board Performance

In order to continue to evaluate and improve the effectiveness of the Board, the Board, under the guidance of the Director Affairs Committee, annually evaluates the Board's performance as

Executive Personnel and Compensation Committee

The following directors serve on the Executive Personnel and Compensation Committee: Edwin C. Gage (Chairperson), Ronald E. Daly, Lawrence A. Del Santo, Susan E. Engel, and Richard L. Knowlton. The Committee met five times during the last fiscal year.

The primary functions of the Executive Personnel and Compensation Committee are to:

- Determine the process to evaluate the performance of the Chief Executive Officer;
- Review and recommend to the Board the compensation of the Chief Executive Officer;
- Review and recommend to the Board major changes in executive compensation programs, executive stock options and retirement plans for officers;
- Consider and make recommendations to the Board concerning the annual election of corporate officers and the succession plan for the Chief Executive Officer;
- Approve annual salaries and bonuses of corporate officers and other executives at specified levels;
- Review and approve participants and performance targets under our annual and long-term incentive compensation plans; and
- Approve stock option grants and awards under our stock option plans, bonus and other incentive plans.

a whole. The evaluation process includes a survey of the individual views of all directors, a summary of which is then shared with the Board. Each active Board Committee also evaluates its own performance on a yearly basis.

Size of the Board

Although the size of the Board may vary from time to time, the Board believes the size should preferably be not less than ten or more than fourteen members. The Board believes that the

size of the Board should accommodate the objectives of effective discussion and decision-making and adequate staffing of Board committees.

Director Independence

The Board believes that a substantial majority of its members should be independent, non-employee directors. It is the Board's policy that no more than three members of the Board will be employees of SUPERVALU. These management members will include the Chief Executive Officer and up to two additional persons whose duties and responsibilities identify them as key managers of SUPERVALU. The Board currently has eleven members. One member is an employee of SUPERVALU: Mr. Noddle, Chairman, Chief Executive Officer and President. The Board has determined that all of its non-employee directors meet the requirements for independence under New York Stock Exchange listing standards.

Director Retirement

It is Board policy that non-employee directors retire at the annual meeting following the date they attain the age of seventy-two, and that non-employee directors elected after February 27, 1994, will serve a maximum term of fifteen years. Mr. Knowlton is seventy-two and therefore is retiring at the Annual Meeting. Directors who change the occupation they held when initially elected to the Board are expected to offer to resign from the Board. At that time, the Director Affairs Committee will review the continuation of Board membership under these new circumstances and make a recommendation to the full Board.

The Board also has adopted a policy that requires employee directors, other than the Chief Executive Officer, to retire from the Board at the time of a change in their status as an officer of SUPERVALU. A former Chief Executive Officer may continue to serve on the Board until the third anniversary after his or her separation from SUPERVALU. However, if a former Chief Executive Officer leaves SUPERVALU to accept another position, the Chief Executive Officer is expected to retire as a director effective simultaneously with his or her separation from SUPERVALU.

Selection of Directors

The Director Affairs Committee is the standing committee responsible for determining the slate of director nominees for election by stockholders. The Director Affairs Committee considers and evaluates potential Board candidates based on the criteria set forth below, and makes its recommendation to the full Board. The criteria applied to director candidates stress independence, integrity, experience and sound judgment in areas relevant to SUPERVALU's business, financial acumen, interpersonal skills, a proven record of accomplishment, a willingness to commit sufficient time to the Board, and the ability to challenge and stimulate management. The Director Affairs Committee will use the same process and criteria for evaluating all nominees, regardless of whether the nominee is submitted by a stockholder or by some other source.

The Director Affairs Committee is not currently utilizing the services of an executive recruiting firm to assist in the identification or evaluation of director candidates. However, the committee has used such firms in the past and may engage a firm to provide such services in the future, as it deems necessary or appropriate.

Directors and management are encouraged to submit the name of any candidate they believe to be qualified to serve on the Board, together with background information on the candidate, to the Chairperson of the Director Affairs Committee. In accordance with procedures set forth in our bylaws, stockholders may propose, and the Director Affairs Committee will consider, nominees for election to the Board of Directors by giving timely written notice to the Corporate Secretary, which must be received at our principal executive offices no later than the close of business on February 15, 2006, and no earlier than January 16, 2006. Any such notice must include the name of the nominee, a brief biographical sketch and resume, contact information and such other background materials on such nominee as the Director Affairs Committee may request.

Board Meetings

The full Board meets at least six times each year. Board meetings normally do not exceed

one day in length. The Board also schedules a longer multi-day off-site strategic planning meeting every two years and additional one-day strategic planning update meetings every other year.

**Executive Sessions of Outside Directors;
Presiding Director**

Non-employee directors generally meet together as a group, without the Chief Executive Officer or any other employee directors in attendance, during three scheduled executive sessions each year. The Chairperson of the Director Affairs Committee will preside during any executive session of the Board; however, the Chairperson of the Executive Personnel and Compensation Committee will preside during any executive session held for the purpose of conducting the Chief Executive Officer's performance review.

Attendance at Stockholder Meetings

The Board does not have a formal policy regarding director attendance at the Annual Meeting of Stockholders. However, all directors

are strongly encouraged to attend the meeting. All directors attended the 2004 Annual Meeting of Stockholders.

Stock Ownership Guidelines

Non-employee directors are encouraged to acquire and own SUPERVALU common stock with a fair market value of five times a director's annual retainer, within five years after the director is first elected.

Governance Principles

The Board maintains a formal statement of Governance Principles that sets forth the corporate governance practices for the Company. The Governance Principles are available on the Company's website at <http://www.supervalu.com>. Click on the tab "Site Map" and then the caption "Corporate Governance." Copies of the Governance Principles are also available to any stockholder who submits a request to the Corporate Secretary at SUPERVALU INC., P.O. Box 990, Minneapolis, Minnesota 55440.

ELECTION OF DIRECTORS (ITEM 1)

The Board is divided into three classes, with the number of directors to be divided as equally as possible among the three classes. Directors are elected for staggered terms of three years. If a vacancy exists or occurs during the year, the vacant directorship may be filled by the vote of the remaining directors until the next annual meeting, at which time the stockholders elect a director to fill the balance of the unexpired term or the term established by the Board. There are currently eleven members of the Board. One director, Richard L. Knowlton, will be retiring at the Annual Meeting in accordance with Board policies (see "Director Retirement" on page 6).

Edwin C. Gage, Garnett L. Keith, Jr. and Marissa Peterson are nominated for three-year terms expiring in 2008. The Board of Directors is informed that each nominee is willing to serve as a director; however, if any nominee is unable to serve or for good cause will not serve, the proxy may be voted for another person as the persons named on the proxies decide. If all of the nominees are elected, following the Annual Meeting there will be ten members of the Board with four directors with terms expiring in 2006, three directors with terms expiring in 2007 and three directors with terms expiring in 2008.

The following sets forth information, as of April 15, 2005, concerning the three nominees, the seven directors whose terms of office will continue after the Annual Meeting and the director who is retiring at the Annual Meeting.

- *Elected a director of SUPERVALU in 1994*
- *Also a director of ING America Insurance Holdings, Inc.*

Mr. Knowlton, whose term expires at the 2005 Annual Meeting, is retiring from the Board at that time in accordance with Board policies (see "Director Retirement" on page 6). He has served as a director for eleven years and SUPERVALU wishes to thank him for his valuable contributions to the Board.

COMPENSATION OF DIRECTORS

Non-employee directors receive the following compensation for their Board service:

- Cash retainer of \$35,000 per year;
- Deferred retainer of \$25,000 per year payable in SUPERVALU common stock under the Non-Employee Directors Deferred Stock Plan;
- \$1,800 for each Board meeting attended;
- \$1,000 for each committee meeting attended; and
- At the time of the annual meeting, each director will receive an option to purchase 6,000 shares, and newly appointed directors will receive an option to purchase 6,000 shares when they first join the Board. Options are granted to directors at current fair market value and are fully exercisable upon grant.

Committee Chairpersons receive an additional annual retainer in the following amounts:

- Finance and Director Affairs Committees: \$7,000;
- Audit Committee: \$9,000; and
- Executive Personnel and Compensation Committee: \$8,000.

Effective June 27, 1996, our retirement/deferral program for directors was discontinued and benefits previously earned by directors were frozen. A director first elected to our Board prior to June 27, 1996, will receive an annual payment of \$20,000 per year for the number of years of the director's service on the Board prior to June 27, 1996, but for not more than ten

years of such service, after such director ceases to be a member of the Board. Directors first elected to the Board after June 27, 1996, do not participate in the retirement/deferral program.

Directors may elect to defer payment of their directors' fees under one or more of the following arrangements:

- **Directors Deferred Compensation Plan and Executive Deferred Compensation Plan.** Fees and quarterly interest are credited to an account for the director, until payment is made from the plan following retirement from the Board.
- **Non-Employee Directors Deferred Stock Plan.** This plan is designed to encourage increased stock ownership among directors. Under the plan, a director may elect to have payment of all or a portion of the director's fees deferred and credited to a deferred stock account. The Company then credits the director's account with an additional amount equal to 10% of the amount of fees the director has elected to defer and contributes the total amounts in the director's account to an irrevocable trust that uses the amounts to purchase shares of SUPERVALU common stock, which are then allocated to an account for the director under the trust. Each director is entitled to direct the trustee to vote all shares allocated to the director's account in the trust. The common stock in each director's deferred stock account will be distributed to the director after the director leaves the Board. Until that time, the trust assets remain subject to the claims of our creditors.

(1) Fiscal 2005 and fiscal 2003 were 52 week fiscal years. Fiscal 2004 was a 53 week fiscal year. This table includes 53 weeks of salary and bonus for fiscal 2004.

(2) The amounts reflected represent the dollar value of:

- (a) Shares of restricted stock earned under our Long-Term Incentive Program based on the achievement of designated levels of corporate return on invested capital for three-year overlapping performance periods ending at the close of fiscal 2003 and fiscal 2005. There was no payout at the end of fiscal 2003 for the fiscal 2001-2003 performance period. The fiscal 2002-2004 performance period was replaced by the Special Fiscal 2002 Incentive Program (described in (c) below). Therefore there was no payout under the Long-Term Incentive Program at the close of fiscal 2004. The number of shares of restricted stock earned in fiscal 2005 for the fiscal 2003-2005 performance period under the Long-Term Incentive Program were as follows: 37,382 shares for Mr. Noddle; 11,759 shares for Mr. Boehnen; 11,426 shares for Mr. Hooley; 12,393 shares for Mr. Jackson; and 11,759 shares for Ms. Knous. The restrictions on these shares will lapse on March 2, 2006.
- (b) Restricted stock units granted for retention purposes. In fiscal 2004, Mr. Hooley and Mr. Jackson each received a special award of 40,000 restricted stock units as an incentive to remain with the Company until the attainment of a certain age and length of service.
- (c) The Special Fiscal 2002 Incentive Program was in effect for a single year (fiscal 2002) in lieu of a new three-year performance period under the Long-Term Incentive Program. The restrictions on the shares of restricted stock earned under this program for fiscal 2002 performance lapsed on March 2, 2004, for each of the named executive officers as follows: 18,763 shares for Mr. Noddle; 7,464 shares for Mr. Boehnen; 4,986 shares for Mr. Hooley; 7,260 shares for Mr. Jackson; and 7,427 shares for Ms. Knous.
- (d) For purposes of this table, the restricted stock and the restricted stock units are valued based on the closing price of our common stock on the date the restricted stock or restricted stock units were earned or granted. Dividends are paid on the shares of restricted stock. Dividends are not paid on restricted stock units. As of February 26, 2005, the last trading day of fiscal 2005, the number and fair market value of all shares of restricted stock and restricted stock units held or earned by the following named executive officers were as follows: Mr. Noddle: 97,382, \$3,125,962; Mr. Boehnen: 41,759, \$1,340,464; Mr. Hooley: 51,426, \$1,650,775; Mr. Jackson: 52,393, \$1,681,815; and Ms. Knous: 41,759, \$1,340,464.

- (3) The total number of shares subject to option awards includes those subject to restoration options (as more fully described below in note (1) to the table entitled "Option Grants in Last Fiscal Year") received by the named executive officers as follows: Mr. Noddle, 71,191 shares in fiscal 2004 and 6,143 shares in fiscal 2002; Mr. Boehnen, 126,474 shares in fiscal 2005, 2,183 shares in fiscal 2004, and 88,909 shares in fiscal 2003; Mr. Hooley, 19,893 shares in fiscal 2004; Mr. Jackson, 33,670 shares in fiscal 2005 and 26,382 shares in fiscal 2004; and Ms. Knous, 166,280 shares in fiscal 2005. No stock appreciation rights were granted in fiscal 2005, 2004 or 2003.
- (4) For fiscal 2005, the amount of All Other Compensation reflects contributions made by us during the fiscal year under the Qualified Pre-Tax Savings and Profit Sharing 401(k) Plan, and additional contributions made by us to an unfunded non-qualified deferred compensation plan because of limitations on the annual compensation that can be taken into account under the 401(k) Plan. The amounts of contributions to the 401(k) Plan and the unfunded plan for fiscal 2005 were as follows: \$4,621 and \$0 for Mr. Noddle; \$4,621 and \$5,396 for Mr. Boehnen; \$5,050 and \$5,192 for Mr. Hooley; \$4,621 and \$5,957 for Mr. Jackson; \$5,050 and \$0 for Ms. Knous.

- (1) Options are granted with an exercise price equal to the fair market value of the shares of stock on the date of grant, for a term not exceeding ten years. All options, with the exception of restoration options as described below, vest and become exercisable with respect to 20% of the shares subject thereto on the grant date, and an additional 20% of such shares on each anniversary of the grant date. Options vest in full and become fully exercisable upon the occurrence of a change-in-control of SUPERVALU (as defined in the option award agreements) and vesting or exercisability will also be accelerated upon the occurrence of certain other events, such as death, disability or retirement. The exercise price may be paid by the delivery of previously owned shares of SUPERVALU common stock, and tax withholding obligations arising from the exercise may also be paid by delivery of such shares or the withholding of a portion of the shares to be received upon exercise of the option. A "restoration" option (also referred to as a "reload" option) is granted when the original option is exercised and payment of the exercise price is made by delivery of previously owned shares of SUPERVALU common stock. Each restoration option is granted for the number of shares tendered as payment for the exercise price and tax withholding obligation, has a per share exercise price equal to the fair market value of a share of SUPERVALU common stock on the date of grant, is exercisable in full on the date of grant, and expires on the same date as the original option. All original options reported in the table are entitled to restoration options. The options set forth in the table above (excluding restoration options) were granted to all named executive officers, except Mr. Noddle, on April 7, 2004. Mr. Noddle's options were granted on May 26, 2004. No stock appreciation rights were granted in fiscal 2005.

- (2) The amounts indicated represent the potential realizable value to the optionholder if SUPERVALU common stock were to appreciate at the indicated annual rate and the options were held for their full term before being exercised. These amounts are the result of calculations at the 5% and 10% rates set by the Securities and Exchange Commission and therefore are not intended to forecast possible future appreciation, if any, in our stock price. Total potential realizable value for all of the named officers who received stock option grants is \$11,284,703 and \$27,829,290 at the 5% and 10% stock price growth assumptions, respectively. Assuming 5% and 10% stock price growth over a period of ten years commencing April 1, 2004, the increase in total stockholder value from stock price appreciation alone for all shares outstanding on that date would be \$2,576,536,408 and \$6,529,449,130, respectively.
- (3) Computed by dividing potential realizable value at the assumed annual rates of stock price appreciation by the term of the option. Options granted in fiscal 2005 have a ten-year term. Restoration options (described above) have a term equal to the remaining term of the original option.
- (4) Grant of a restoration option.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

The following table provides information on option exercises in fiscal 2005 by the executive officers named in the Summary Compensation Table, and the value of such officers' unexercised options at the end of fiscal 2005.

LONG-TERM INCENTIVE PLANS—AWARDS IN LAST FISCAL YEAR

The following table provides information on awards made to the executive officers named in the Summary Compensation Table, during the last fiscal year.

Name	Number of Shares, Units or Other Rights (#)(1)	Performance or Other Period Until Maturation or Payout (1)
Jeffrey Noddle	95,132	Fiscal years 2005–2006
David L. Boehnen	13,797	Fiscal years 2005–2006
John H. Hooley	16,648	Fiscal years 2005–2006
Michael L. Jackson	17,700	Fiscal years 2005–2006
Pamela K. Knous	14,020	Fiscal years 2005–2006

- (1) Awards are of stock units under the Company's Long-Term Incentive Program, each of which represents the right to receive restricted stock upon achievement of specified performance objectives. Stock units will be converted to restricted stock based on the Company's total return on invested capital (ROIC) relative to the specified performance objectives for the fiscal 2005–2006 performance period. No stock units will be converted to restricted stock if the pre-established minimum ROIC performance objective is not achieved. If the minimum, target or maximum ROIC performance objective is achieved, then 50%, 100% or 150%, respectively, of the awarded stock units will be converted to restricted stock. If the Company's actual ROIC performance falls between the minimum and target or the target and maximum objectives, the percent of stock units converting to restricted stock will be extrapolated accordingly. Shares earned for ROIC performance as described above may be increased if Company sales for the two-year performance period increase at a rate equal to or in excess of the Consumer Price Index (CPI) for the performance period, but only if the ROIC performance is at or above target. At sales growth equal to the CPI, the stock units to be converted to restricted stock will be increased by 10% progressing linearly to a 25% increase in such restricted stock for sales growth equal to the CPI plus 3% or more. Shares of restricted stock issued upon conversion of stock units would vest at the end of fiscal 2007, provided that the named officer continues in the employ of the Company at the time of vesting. No dividends are paid on stock units. Dividends are paid on all shares of restricted stock that are issued.

PENSION PLANS AND RETIREMENT BENEFITS

The following table shows the estimated maximum annual benefits that would be paid to an employee upon retirement at age 65 under the combination of the SUPERVALU Retirement Plan, the Non-Qualified Supplemental Executive Retirement Plan (or, if applicable, the Excess Benefit Plan) maintained for certain highly compensated employees, and the "Retirement Benefit Plan Account" of the Company's Non-Qualified Deferred Compensation Plans. The table does not reflect the \$170,000 per year limitation on annual benefits payable from the plans imposed by Section 415 of the Internal Revenue Code, nor the \$210,000 per year limitation on compensation included in final annual average pay imposed by Section 401(a)(17) of the Internal Revenue Code. Our Non-Qualified Supplemental Executive Retirement Plan and Excess Benefit Plan allow payment of additional benefits so that retiring employees may receive, in the aggregate, at least the benefits they would have been entitled to receive if the Internal Revenue Code did not impose maximum limitations. Final annual average compensation under the plans is the average of the annual compensation for the five consecutive complete fiscal years prior to retirement that produce the highest average compensation. Annual compensation consists of salary and bonus (but not long-term compensation) as set forth in the Summary Compensation Table.

<u>Final Annual Average Compensation</u>	<u>Years of Service</u>			
	<u>15</u>	<u>20</u>	<u>25</u>	<u>30</u>
\$ 500,000	109,500	146,000	182,500	219,000
800,000	181,500	242,000	302,500	363,000
1,100,000	253,500	338,000	422,500	507,000
1,400,000	325,500	434,000	542,500	651,000
1,700,000	397,500	530,000	662,500	795,000
2,000,000	469,500	626,000	782,500	939,000

The above estimates of annual benefits payable on normal retirement are computed using the straight-life annuity method and are based on certain assumptions, including (a) that the employee remains employed until the normal retirement age of 65 (although retirement is permitted at age 62 without any benefit reduction because of age); and (b) that the present retirement plans remain in force until the retirement date. Benefits payable under these plans will not be reduced or offset by the participant's Social Security benefit. Our Non-Qualified Deferred Compensation Plans, the Non-Qualified Supplemental Executive Retirement Plan and the Excess Benefit Plan allow terminated and retired participants to receive their benefits in periodic installments or as a lump sum.

As to each of the executive officers named in the Summary Compensation Table, the final annual average pay and credited years of service under the plans as of February 26, 2005, were as follows: Mr. Noddle: \$1,350,638, 28.8 years; Mr. Boehnen: \$651,911, 13.8 years; Mr. Hooley: \$536,965, 30.2 years; Mr. Jackson: \$633,836, 26.1 years; and Ms. Knous: \$634,341, 7.4 years.

The Company provides post-retirement death benefits for certain designated retired executive officers, which would include the executive officers named in the Summary Compensation Table if they retire under the Company's retirement plan. The death benefit is fixed at an amount approximately equal to, on an after-tax basis, an eligible executive's final base salary. The benefits are funded through life insurance policies owned by the Company.

CHANGE-IN-CONTROL AGREEMENTS

We have entered into change-in-control agreements with certain of our executives and other employees, including all of the executive officers named in the Summary Compensation Table.

In general, these agreements entitle the executive to receive a lump-sum cash payment if the executive's employment is terminated (other than for cause or disability, as defined in the agreements) within two years after a change-in-control (as defined in the agreements). The lump-sum cash payment is equal to a multiple of one, two or three times the executive's annual base salary, annual bonus and the value of the executive's annual perquisites. The multiple is three for Mr. Noddle, Mr. Boehnen, Mr. Hooley, Mr. Jackson, and Ms. Knous; and one or two for all other recipients. Each executive would also receive a lump-sum retirement benefit equal to the present value of the additional qualified pension plan benefits the executive would have accrued under the plan absent the early termination. Generally, the executive would also be entitled to continued family medical, dental and life insurance coverage until the earlier of 24 months after termination or the commencement of comparable coverage with a subsequent employer. Each agreement includes a covenant not to compete with SUPERVALU. Due to the possible imposition of excise taxes on the payments, the agreements also provide that the severance benefits payable to an executive will

be increased by an amount equal to the excise tax imposed on such payments.

Several of our compensation and benefit plans contain provisions for enhanced benefits upon a change-in-control of SUPERVALU. These enhanced benefits include immediate vesting of stock options, performance shares, restricted stock and restricted stock unit awards. The executive officers named in the Summary Compensation Table and other executive officers also hold limited stock appreciation rights, granted in tandem with stock options that would become immediately exercisable upon a change-in-control, and allow the executive to receive cash for the bargain element in the related stock option. Under our executive deferred compensation plans, benefits payable upon termination may be increased by 130% to compensate the executive for any excise tax liability incurred following a change-in-control. Our retirement plans provide for full vesting if employment terminates under specified circumstances following a change-in-control, and preserve any excess plan assets for the benefit of plan participants for five years following a change-in-control.

We may set aside funds in an irrevocable grantor trust to satisfy our obligations arising from certain of our benefit plans. Funds will be set aside in the trust automatically upon a change-in-control. The trust assets would remain subject to the claims of our creditors.

REPORT OF EXECUTIVE PERSONNEL AND COMPENSATION COMMITTEE

COMPENSATION PRINCIPLES

The Executive Personnel and Compensation Committee of the Board of Directors is composed entirely of non-employee directors, all of whom are independent directors as defined under the New York Stock Exchange Listing Standards. The Committee has adopted a comprehensive Executive Compensation Program based on the following principles:

- The program should enable SUPERVALU to attract, retain and motivate the key executives necessary for our current and long-term success;

- Compensation plans should be designed to support SUPERVALU's business strategy;
- Executive compensation should be linked to corporate performance and the attainment of designated strategic objectives;
- A significant portion of executive compensation should be tied to the enhancement of stockholder value; and
- The Committee should exercise independent judgment and approval authority with respect to the Executive Compensation Program and the awards made under the program.

COMPENSATION METHODOLOGY

The structure of the Executive Compensation Program is based on a market comparison of compensation for equivalent positions in industries from which SUPERVALU draws executive talent, as well as a position evaluation system designed to achieve internal equity based on job responsibility. The market comparison is made using information on equivalent positions from twenty retail and distribution companies, which on average approximate SUPERVALU in terms of size. Compensation comparison to this peer group and the grocery companies within this peer group are the basis for designing our current compensation structure, which has a mix of fixed to variable compensation and short-term to long-term incentive potential approximating the mix within the compensation peer group. Comparisons are performed to ensure that the dollar values of the various plan components as well as total compensation are comparable to those of the compensation peer group. In addition to a review of compensation plan design and compensation levels, the Committee also reviews SUPERVALU's performance on a number of key financial measures relative to the compensation peer group.

The variable compensation components of the program are designed so that executives' total compensation will be above the median of the compensation peer group when SUPERVALU's performance is superior, and below the median of the compensation peer group when performance is below industry norms. This fluctuation in compensation value is increased by the substantial use of SUPERVALU common stock in the program, as described under the caption "Long-Term Incentive Compensation" below, so that total compensation will significantly increase or decrease in direct correlation to SUPERVALU's stock price.

The following summary explains the major components of the Executive Compensation Program.

ANNUAL COMPENSATION

Base Salaries. The base salary levels for executive officers are determined based on three objectives:

- Internal equity based on job responsibility;

- Individual performance and experience; and
- Competitive salary levels with industries from which SUPERVALU draws executive talent.

Our salary structure is based on the median salary levels of companies in similar industries and similar in size to SUPERVALU. Actual salaries may be set above or below this median depending on individual job performance and experience.

Increases in base salaries for executives below the CEO level are proposed by the CEO based on performance evaluations, which include both progress on achievement of financial results and a qualitative assessment of performance. The Committee reviews and approves all salary increases for executive officers.

Annual Bonuses. All of our executive officers are eligible to receive an annual cash bonus. The Annual Bonus Plan is designed to motivate executives to meet or exceed corporate financial goals that support our business plans. Specifically, the plan is primarily designed to stimulate and reward growth in SUPERVALU earnings. The Committee assigns target bonus levels to each executive, which are competitive with our compensation peer group. Among executive officers, these range from 25% of annual base salary to 100% of annual base salary for the CEO. For fiscal 2005 the bonus award potential for executive officers was based on corporate net profit growth performance, which could be further increased if revenue growth equaled or exceeded inflation as measured by the increase in the Consumer Price Index. Bonus payments increase as net profit growth meets and exceeds the annual growth rate targeted by the Board. The Company exceeded the net profit goal for fiscal 2005; however, the revenue growth factor was not achieved. For fiscal 2005 the maximum bonus was limited to twice the target bonus level. Bonuses for the CEO and four other named executive officers are paid from a special plan structured so that the payment will be tax-deductible as "qualified performance-based compensation" under Internal Revenue Code Section 162(m). The bonuses paid to these individuals for fiscal 2005 are shown in the Summary Compensation Table.

LONG-TERM INCENTIVE COMPENSATION

SUPERVALU maintains a Long-Term Incentive Plan and stock option plans. Together, these plans tie a significant portion of executives' total compensation to long-term results. The long-term incentive potential is intended to be competitive with programs offered by our compensation peer group. The Board of Directors, upon the recommendation of the Committee, is proposing that stockholders approve amendments to the 2002 Stock Plan at the 2005 Annual Meeting, so that additional shares of common stock will be available for future grants of stock options and other stock-based awards.

Long-Term Incentive Program. The Long-Term Incentive Program is a component of the Long-Term Incentive Plan and provides for performance periods as follows: fiscal 2003-2005 (completed), fiscal 2004-2006, and fiscal 2005-2006. The Committee selects program participants, approves awards and interprets and administers this program. Program participants are the CEO, Executive Vice Presidents, Senior Vice Presidents and other designated officers or executives. The performance measure under this program is overall corporate return on invested capital ("ROIC") relative to pre-established objectives. If the designated ROIC objective is attained, the performance awards under the program may be increased if overall corporate revenue growth is above program targets. Commencing with fiscal 2005 the three-year overlapping performance period design was replaced with a two-year end-to-end design, and fiscal 2005-2006 is the first performance period under this new design. Awards of stock units for the fiscal 2005-2006 performance period for the Company's five most highly compensated executive officers are shown on page 14 under the caption "Long-Term Incentive Plans—Awards in Last Fiscal Year."

Any payouts under this program are in the form of restricted stock with a one-year restriction on a recipient's ability to sell the stock.

For the fiscal 2003-2005 performance period SUPERVALU exceeded its ROIC performance objective, which produced the payouts shown in the Summary Compensation Table.

ROIC Stock Incentive Program. Officers below the level of Senior Vice President, and certain Profit Center Presidents participate in an incentive program known as the Return On Invested Capital (ROIC) Stock Incentive Program. Amounts earned and paid out under this program are based entirely on fiscal year ROIC performance against pre-established objectives. Earned payouts are made in restricted stock at the end of the fiscal year, with the restrictions on such stock lapsing two years following the close of the fiscal year for which the stock was earned. For fiscal 2005, 9,387 shares of restricted stock were awarded to executive officers under this program.

Stock Option Plans. The Committee believes that linking a portion of executive compensation and income potential to SUPERVALU's stock price appreciation is the most effective way of aligning executive and stockholder interests. Two key programs together cause executives to view themselves as owners of a meaningful equity stake in the business over the long term. They are:

- The executive stock option program; and
- Stock ownership and retention guidelines for executive officers.

Stock Option Grants. The Committee makes grants of stock options to key employees under established grant guidelines intended to be competitive with our compensation peer group. The Committee also considers subjective factors in determining grant size; grants are not automatically tied to a formula or the employee's position in SUPERVALU. Corporate, profit center or individual performance will impact the size of an employee's grant. In addition, current ownership of stock is a consideration in the size of option grants for officers and Profit Center Presidents. Based on the stock grant guidelines and the subjective factors described above, grant recommendations are developed by management, reviewed by the CEO and presented to the Committee for final approval.

In fiscal 2005 the Committee granted options to certain key employees, including Mr. Noddle, as described below in the section on CEO

compensation. All stock options were granted with an exercise price equal to the market price of our common stock on the date of grant. In order to encourage option exercises and share ownership, we also permit executives to exercise options using shares of our common stock to pay the exercise price. Upon such exercise, we grant the executive a restoration stock option (commonly referred to as a reload option) for the number of shares surrendered. Restoration options are exercisable at the then current market price and extend for the remainder of the original option's term. Effective for stock option grants made after April 1, 2005 and thereafter, restoration options have been discontinued. In addition, the exercise term for options granted after April 1, 2005 and thereafter has been reduced to seven years from the previous ten-year term. Option grants, including restoration options, for executive officers are shown in the Summary Compensation Table.

STOCK OWNERSHIP AND RETENTION GUIDELINES

The Committee has established stock ownership and retention guidelines for executive officers so that they face the same downside risk and upside potential as stockholders experience. Executives are expected to show significant progress toward reaching these ownership goals. The goal for the CEO is ownership of 150,000 shares, excluding vested and unexercised stock options, which is between five and six times his annual base salary. Mr. Noddle's current stock ownership, excluding vested and unexercised stock options, exceeds his ownership guideline. Prior to achieving their ownership goal, executives are expected to retain 100% of the net after-tax profit shares received from an option exercise or the vesting of restricted stock. After they meet their ownership goal, they are expected to retain 50% of the net after-tax profit shares received from option exercises or the vesting of restricted stock. This 50% retention requirement does not apply to executives who are 55 or older who have met their ownership goal.

CHAIRMAN OF THE BOARD AND CHIEF EXECUTIVE OFFICER COMPENSATION

The Chairperson of the Committee, together with the Chairperson of the Director Affairs Committee, conducts an annual performance evaluation of the CEO based on written input from all Board members. The following factors are considered in this performance evaluation: financial results, strategic planning, leadership, customer service, succession planning, human resource management/diversity, communications, external relations and Board interface.

As a result of this evaluation, Mr. Noddle received an increase in base salary for fiscal 2005 from \$850,000 to \$900,000. There had been no increase in Mr. Noddle's salary for fiscal 2004. On May 26, 2004, Mr. Noodle also received a stock option grant for 196,893 shares and an award of 95,132 stock units under SUPERVALU's Long-Term Incentive Program, as described above and on page 14 under the caption "Long-Term Incentive Plans-Awards in Last Fiscal Year." In determining these compensation elements, the Committee took into consideration the compensation peer group data and the recommendations made by an outside consultant retained by the Committee as to the appropriate total compensation level and the split of long-term incentive opportunity between stock options and other performance-based plans. The stock units will only be paid out if SUPERVALU achieves the specified performance objectives for the fiscal 2005-2006 performance period. In April 2005, Mr. Noddle received 37,382 shares of restricted stock pursuant to 24,921 stock units granted under the Long-Term Incentive Program in fiscal 2002, the maximum payout for exceeding the return on invested capital performance goals established for the fiscal 2003-2005 performance period, as described in Note 2(a) of the Summary Compensation Table. He also received an annual cash bonus of \$1,800,000 for fiscal 2005 under SUPERVALU's Annual Bonus Plan described above, as a result of SUPERVALU exceeding its corporate net profit performance goals for that year.

POLICY REGARDING SECTION 162(m)

Section 162(m) of the Internal Revenue Code imposes limits on tax deductions to employers for executive compensation in excess of \$1,000,000 paid to any of the five most highly compensated executive officers named in the Summary Compensation Table unless certain conditions are met. The Committee makes every reasonable effort to preserve this tax deduction consistent with the principles of the Executive Compensation Program.

CONCLUSION

The Committee believes that the retention and motivation of high-caliber executive management is fundamentally important to SUPERVALU's

performance. The Committee plays an active role in ensuring that our compensation plans implement our key compensation principles. Independent compensation consultants have assisted the Committee in designing these plans, assessing the effectiveness of the overall program and keeping overall compensation competitive with that of relevant peer companies. Total compensation is intended to be above industry averages when performance is superior, and below industry averages when performance is below expected levels or SUPERVALU's stock fails to appreciate. The Committee believes that the Executive Compensation Program has been a substantial contributor toward motivating executives to focus on the creation of stockholder value.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on SUPERVALU's common stock for the last five fiscal years with that of the S&P 500 Index and a group of peer companies in the retail food and food distribution industries. The graph assumes the investment of \$100 in each Company on February 26, 2000, and the reinvestment of all dividends on a quarterly basis, with results calculated to the last business day in February each fiscal year. The returns of the companies were weighted based on their respective capitalization and on the relative percentage of SUPERVALU's operating profit realized from retail food and food distribution operations for each year. The stock price performance shown on each graph below is not a projection of future price performance.

REPORT OF AUDIT COMMITTEE

The Audit Committee of the Board of Directors is composed of the following non-employee directors: Garnett L. Keith (Chairperson), Irwin Cohen, Susan E. Engel, Charles M. Lillis and Steven S. Rogers. All of the members of the Audit Committee are independent directors as defined under the New York Stock Exchange listing standards. In addition, the Board has determined that all members of the Audit Committee are financially literate under the New York Stock Exchange listing standards and that Irwin Cohen qualifies as an "audit committee financial expert" under the rules of the Securities and Exchange Commission.

The Audit Committee operates under a written charter adopted by the Board of Directors, which is evaluated annually. The charter of the Audit Committee is available on the Company's website at <http://www.supervalu.com>. Click on the tab "Site Map" and then the caption "Corporate Governance." The Audit Committee selects, evaluates and, where deemed appropriate, replaces SUPERVALU's independent registered public accountants. The Audit Committee also pre-approves all audit services, engagement fees and terms, and all permitted non-audit engagements, except for certain de minimus amounts.

Management is responsible for SUPERVALU's internal controls and the financial reporting process. SUPERVALU's independent registered public accountants are responsible for performing an independent audit of SUPERVALU's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report on SUPERVALU's consolidated financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has reviewed SUPERVALU's audited financial statements for fiscal 2005 and has met and held discussions with management and KPMG LLP, the independent registered public accountants. Management represented to the Audit Committee that SUPERVALU's consolidated financial statements for fiscal 2005 were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee discussed the consolidated financial statements with KPMG. The Audit Committee also discussed with KPMG matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

KPMG also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with KPMG the accounting firm's independence.

Based upon the Audit Committee's discussion with management and KPMG, and the Audit Committee's review of the representation of management and the report of KPMG to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in SUPERVALU's Annual Report on Form 10-K for the fiscal year ended February 26, 2005, filed with the Securities and Exchange Commission.

The Committee also considered whether non-audit services provided by the independent registered public accountants during fiscal 2005 were compatible with maintaining their independence and concluded that such non-audit services did not affect their independence.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS' FEES

The Audit Committee has a formal policy concerning the approval of audit and non-audit services to be provided by the Company's independent registered public accountants. A copy of this policy can be found in the Audit Committee's charter which is available on the Company's website at <http://www.supervalu.com>. Click on the tab "Site Map" and then the caption "Corporate Governance." The policy requires that the Audit Committee pre-approve all audit services, engagement fees and terms, and all permitted non-audit engagements, subject to the de minimus exceptions permitted pursuant to the Securities Exchange Act of 1934. The Chairperson of the Audit Committee is authorized to grant such pre-approvals in the event there is a need for such approvals prior to the next full Audit Committee meeting, provided all such pre-approvals are then reported to the full Audit Committee at its next scheduled meeting.

During fiscal 2005 and 2004, KPMG LLP provided various audit, audit-related and non-audit services to the Company. The Audit Committee pre-approved all audit services, audit-related services and all other services provided by KPMG LLP in fiscal 2005. The following table presents fees for professional services charged by KPMG to the Company by type and amount for fiscal 2005 and fiscal 2004.

- (1) Audit-related fees consist principally of fees for audits of financial statements of certain employee benefit plans and audits of the financial statements of certain subsidiaries.
- (2) Tax fees consist of fees for tax consultation services.

PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS (ITEM 2)

The Audit Committee of our Board of Directors has appointed KPMG LLP as our independent registered public accountants for the year ending February 25, 2006. Stockholder ratification of the appointment of KPMG LLP as our independent registered public accountants is not required by our bylaws or otherwise. However, the Board of Directors is submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee, which is solely responsible for

appointing and terminating our independent registered public accountants, may in its discretion, direct the appointment of different independent registered public accountants at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

A representative of KPMG LLP will be present at the Annual Meeting with the opportunity to make a statement and to respond to questions.

The Board of Directors recommends a vote “FOR” the proposal to ratify the appointment of KPMG LLP as independent registered public accountants.

PROPOSAL TO AMEND THE SUPERVALU INC. 2002 STOCK PLAN (ITEM 3)

BACKGROUND. At the 2002 Annual Meeting, the stockholders approved the SUPERVALU INC. 2002 Stock Plan (the “Plan”). The Plan authorizes the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and other stock-based awards to eligible participants in the Plan up to a maximum of 4,000,000 shares of our common stock as further described under the caption “Maximum Number of Shares” below.

Since the approval of the Plan, awards have been made thereunder, as well as under other equity compensation plans maintained by the Company. (See the table on page 26 under the caption “Equity Compensation Plan Information” for more information on grants made under the Plan as well as awards made under other equity compensation plans of the Company.)

As of April 15, 2005, approximately 976,400 shares were available for future grants under the Plan and approximately 8,600 shares were available for issuance under the Company’s other equity compensation plans. The Company expects that the amount of shares available for future grants under the Plan will be insufficient to cover awards anticipated to be made under the Plan prior to the next Annual Meeting of Stockholders, as well as awards made thereafter.

PROPOSED AMENDMENTS. The Board of Directors recommends that the stockholders approve amendments to the Plan as follows:

- to increase the shares available for awards under the Plan from 4,000,000 to 13,000,000 shares, with 7,500,000 of such shares being reserved solely for issuance pursuant to stock option awards, as set forth in Section 4(a) of the Plan;
- to establish a maximum term of seven years for newly granted stock option awards under the Plan, except for restoration options granted with respect to previously granted options, as set forth in Section 6(a)(ii) of the Plan; and
- to eliminate the Company’s ability to grant restoration options in connection with newly granted stock option awards under the Plan, as set forth in Section 6(a)(iv) of the Plan.

SUMMARY OF THE PLAN. A copy of the Plan is attached as Exhibit A to this Proxy Statement. The language added or altered by the proposed amendments is bolded and underlined. This discussion is only a summary. You should refer to the Plan for more complete information.

Purpose. The purpose of the Plan is to aid the Company in attracting and retaining key management personnel and non-employee directors capable of assuring the future success of the Company and our affiliates, to offer these individuals incentives to put forth maximum efforts for the success of the Company's business, and to afford these individuals an opportunity to acquire a proprietary interest in the Company.

Maximum Number of Shares. Currently, up to 4,000,000 shares of our common stock may be issued for awards under the Plan (subject to certain adjustments). The Company proposes to amend the Plan to increase the shares available from 4,000,000 to 13,000,000 shares, with 7,500,000 of such shares being reserved solely for issuance pursuant to stock option awards. If any shares to which an award relates are forfeited, or if an award is otherwise terminated, then the number of shares with respect to such award, to the extent of any such forfeiture or termination, will again be available for grant under the Plan.

The closing price of SUPERVALU common stock on April 15, 2005, as reported on the New York Stock Exchange, was \$33.66.

Administration. The Plan is administered by the Executive Personnel and Compensation Committee (the "Committee"). The Committee has the authority to select the individuals to whom awards are granted, to determine the types of awards and the number of shares of common stock covered by awards, and to set the terms and conditions of awards. The Committee also has the authority to establish rules for the administration of the Plan, and its determinations and interpretations are binding. The Committee has the authority to accelerate the vesting, exercisability or lapse of restrictions with respect to awards granted under the Plan and to determine whether shares or other amounts that may be payable under the

Plan may be deferred. The Committee may delegate its authority to one or more directors or officers, except that the Committee may not delegate its authority (a) with respect to granting awards to any directors or officers who are subject to Section 16 of the Securities Exchange Act of 1934, (b) in any manner that would cause the Plan not to comply with the requirements of Section 162(m) of the Internal Revenue Code, or (c) in any manner that would not comply with Section 157 of the Delaware General Corporation Law.

Eligible Participants. Any employee, officer, director, consultant or independent contractor providing services to SUPERVALU or our affiliates who is selected by the Committee is eligible to receive awards under the Plan. As of April 15, 2005, there were approximately 1,000 persons who were eligible to receive awards under the Plan.

Types Of Awards. The Plan permits the grant of a variety of different types of awards:

Stock options, including incentive stock options ("ISOs") meeting the requirements of Section 422 of the Internal Revenue Code (the "Code"), and stock options that are not ISOs ("Nonqualified Stock Options"); stock appreciation rights ("SARs"); restricted stock and restricted stock units; performance awards payable in cash or stock, or a combination of cash and stock, upon attainment of specified objectives or goals; and other awards valued in whole or in part by reference to or based on SUPERVALU's common stock.

Awards may be granted for any amount of cash consideration or for no cash consideration so long as legal requirements are met. The Plan requires that options and SARs have an exercise price per share or grant price of not less than 100% of the fair market value of our common stock on the date of grant.

New Plan Benefits

2002 STOCK PLAN

The following table sets forth the number of shares of SUPERVALU common stock covered by options or other awards granted under the Plan during the 2005 fiscal year. No incentive awards made under the 2002 Stock Plan prior to the date of the Annual Meeting, June 15, 2005, have been made subject to stockholder approval. The number and type of awards that will be granted in the future under the Plan to officers, employees and non-employee directors are not determinable as the Committee will make such determinations in its discretion.

Stock Options. Options may be exercised by payment of the exercise price, either in cash or, at the discretion of the Committee, by using shares of our common stock or other consideration having a fair market value equal to the exercise price.

The Committee may also grant restoration options with terms and conditions established by the Committee. Restoration options (commonly referred to as "reload" options) may be granted when a participant pays the exercise price of the option by using previously owned shares of common stock. The restoration option is granted for a number of shares not exceeding the number of shares surrendered in payment of the

option exercise price plus the number of shares, if any, surrendered or withheld in payment of tax obligations of the participant in connection with the exercise of the option. Restoration options have an exercise price equal to the fair market value of our common stock on the date of grant of the restoration option. ***The Committee has determined not to grant restoration options in connection with stock options granted after April 1, 2005, and the Company proposes to amend the Plan to reflect the Committee's determination.***

The exercise term for options granted is established by the Committee at the date of grant. ***The Committee has determined to***

establish a maximum exercise term of seven years with respect to stock options granted after April 1, 2005, except for restoration options granted pursuant to the exercise of previously granted options, and the Company proposes to amend the Plan to reflect such determination.

Stock Appreciation Rights. The holder of an SAR is entitled to receive the excess of the fair market value of a specified number of shares (calculated as of the exercise date or, if the Committee so determines, as of any time during a specified period before or after the exercise date) over the grant price of the SAR.

Restricted Stock and Restricted Stock Units. Shares of restricted stock and restricted stock units may be awarded subject to such restrictions and other terms and conditions as the Committee may impose. Holders of restricted stock may have all of the rights of our stockholders (including the right to vote the shares subject to the restricted stock award and to receive any dividends with respect to the stock), or these rights may be restricted. Holders of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of restricted stock (or a cash payment equal to the fair market value of the shares) at some future date. Restricted stock may not be transferred by the holder until the restrictions established by the Committee lapse. Upon termination of the holder's employment during the restriction period, restricted stock and restricted stock units are forfeited, unless the Committee determines otherwise.

Performance Awards. Performance awards will provide their holders the right to receive payments, in whole or in part, upon the achievement of goals established by the Committee during performance periods established by the Committee. A performance award granted under the Plan may be denominated or payable in cash, shares of common stock or restricted stock, other securities, other awards or other property.

Other Stock Based Awards. The Committee also is authorized to grant other types of awards that are denominated or payable in or otherwise

relate to our common stock. The Plan provides that the Committee will establish the terms and conditions of such awards.

Transferability. In general, no award and no right under any award granted under the Plan will be transferable by its recipient otherwise than by will or by the laws of descent and distribution.

Withholding Obligations. Under the Plan, the Committee may permit participants receiving or exercising awards to surrender previously owned shares of our common stock to satisfy federal, state or local withholding tax obligations.

Adjustments. The Committee may make adjustments to awards under the Plan in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available if any corporate transaction or event affects the shares of common stock so that an adjustment is appropriate.

Term. The Plan will terminate on April 9, 2012, and no awards may be made after that date. However, any award granted before April 9, 2012 may extend beyond that date.

Amendments. The Board of Directors may amend or terminate the Plan at any time, provided that stockholder approval must be obtained if the amendment (a) would violate the rules or regulations of the New York Stock Exchange or any other securities exchange or the National Association of Securities Dealers, Inc. that are applicable to SUPERVALU; (b) would cause us to be unable, under the Code, to grant ISOs under the Plan; (c) would amend the exercise price of any option or SAR previously granted, except for any adjustment made to prevent dilution or enlargement of benefits in the event of a corporate transaction or similar event affecting the shares of common stock, as described above under "Adjustments;" or (d) would allow the exercise price of any option or the grant price of any SAR to be less than 100% of the fair market value of our common stock on the date such option or SAR is granted.

FEDERAL INCOME TAX CONSEQUENCES. The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards under the Plan.

Options and SARs. The grant of an option or SAR is not expected to result in any taxable income for the recipient. The holder of an ISO generally will have no taxable income upon exercising the ISO (except that an alternative minimum tax may result and SUPERVALU will not be entitled to a tax deduction when an ISO is exercised). When a participant exercises a Nonqualified Stock Option, the optionholder must recognize ordinary income equal to the excess of the fair market value of the shares acquired over the exercise price, and we will be entitled to a tax deduction for the same amount. Upon exercising a SAR, the amount of any cash received and the fair market value on the exercise date of any common stock received are taxable to the recipient as ordinary income and deductible by SUPERVALU. The tax consequence to an optionholder upon a disposition of shares acquired through the exercise of an option will depend on how long the shares have been held and upon whether the shares were acquired by exercising an ISO or by exercising a Nonqualified Stock Option or SAR. Generally, there will be no tax consequences to SUPERVALU in connection with the disposition of shares acquired under an option. However, we may be entitled to a tax deduction in the case of a disposition of shares acquired under an ISO before the applicable ISO holding periods set forth in the Code have been satisfied.

Other Awards. For other awards granted under the Plan that are payable in cash or shares of common stock and that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must

recognize ordinary income equal to the excess of (a) the cash or the fair market value of the shares of common stock received (determined as of the date of such receipt) over (b) the amount (if any) paid for such shares of common stock by the holder, and we will be entitled at that time to a tax deduction for the same amount, if and to the extent that amount satisfies general rules concerning deductibility of compensation. With respect to an award that is payable in shares of common stock that are restricted as to transferability and subject to substantial risk of forfeiture, unless a special election is made pursuant to the Code, the holder of the award must recognize ordinary income equal to the excess of (x) the fair market value of the shares of common stock received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (y) the amount (if any) paid for such shares of common stock by the holder, and we will be entitled at that time to a tax deduction for the same amount if and to the extent that amount is deductible.

Special Rules. Special rules may apply in the case of individuals subject to Section 16(b) of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received pursuant to the exercise of a stock option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of our tax deduction, are determined as of the end of such period.

1997 Stock Plan. The Board of Directors adopted the 1997 Stock Plan on April 9, 1997, to provide for the granting of non-qualified stock options, restoration options, stock appreciation rights, restricted stock, restricted stock units and performance awards to key employees of the Company or any of its subsidiaries. A total of 10,800,000 shares are authorized and may be issued as awards under the plan. The Board amended this plan August 18, 1998, March 14, 2000, and April 10, 2002, and it will terminate on April 9, 2007.

All employees, consultants or independent contractors providing services to the Company, other than officers or directors of the Company or any of its affiliates who are subject to Section 16 of the Securities Exchange Act of 1934, are eligible to participate in the plan. The Board administers the plan and has discretion to set the terms of all awards made under the plan, except as otherwise expressly provided in the plan. Options granted under the plan may not have an exercise price less than 100 percent of the fair market value of the Company’s common stock on the date of the grant. Stock appreciation rights may not be granted at a price less than 100 percent of the fair market value of the common stock on the date of the grant. Unless the Board otherwise specifies, restricted stock and restricted stock units will be forfeited and reacquired by the Company if an employee is terminated. Performance awards granted under the plan may be payable in cash, shares, restricted stock, other securities, other awards under the plan or other property when the participant achieves performance goals set by the Board.

Restricted Stock Plan. The Board of Directors adopted the Restricted Stock Plan on April 10, 1991, to provide for the granting of restricted stock to key management employees of the Company or any of its subsidiaries who are not subject to the provisions of Section 16 of the Securities Exchange Act of 1934 at the time of an award. The Board amended this plan on February 24, 2001, to increase the total shares available for issuance to 300,000. This plan has no expiration date. The chief executive officer administers this plan and may determine who is eligible to participate in the plan, the number of shares to be covered by each award and the terms and conditions of any award or agreement under the plan (including the forfeiture, transfer or other restrictions relating to such award).

The Board of Directors recommends a vote “FOR” the proposal to amend the 2002 Stock Plan.

STOCKHOLDER PROPOSAL REGARDING DIRECTOR ELECTION MAJORITY VOTE STANDARD (ITEM 4)

The United Brotherhood of Carpenters Pension Fund, 101 Constitution Avenue, N.W., Washington, D.C. 20001, which is the beneficial owner of approximately 2,200 shares of SUPERVALU common stock, has given notice that it intends to introduce a resolution at the Annual Meeting that relates to the director election majority vote standard. SUPERVALU's Board of Directors unanimously opposes the proposed resolution for the reasons set forth below. The text of the resolution and the supporting statement of the United Brotherhood of Carpenters Pension Fund are printed below verbatim from its submission.

Director Election Majority Vote Standard Proposal

Resolved: That the shareholders of Supervalu Inc. (“Company”) hereby request that the Board of Directors initiate the appropriate process to amend the Company's governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders.

Supporting Statement: Our Company is incorporated in Delaware. Among other issues, Delaware corporate law addresses the issue of the level of voting support necessary for a specific action, such as the election of corporate directors. Delaware law provides that a company's certificate of incorporation or bylaws may specify the number of votes that shall be necessary for the transaction of any business, including the election of directors. (DGCL, Title 8, Chapter 1, Subchapter VII, Section 216).

Further, the law provides that if the level of voting support necessary for a specific action is not specified in the certificate of incorporation or bylaws of the corporation, directors “shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors.”

Our Company presently uses the plurality vote standard for the election of directors. We feel that it is appropriate and timely for the Board to initiate a change in the Company's director election vote standard. Specifically, this shareholder proposal urges that the Board of Directors initiate a change to the director election vote standard to provide that in director elections a majority vote standard will be used in lieu of the Company's current plurality vote standard. Specifically, the new standard should provide that nominees for the board of directors must receive a majority of the vote cast in order to be elected or re-elected to the Board.

Under the Company's current plurality vote standard, a director nominee in a director election can be elected or re-elected with as little as a single affirmative vote, even while a substantial majority of the votes cast are “withheld” from that director nominee. So even if 99.99% of the shares “withhold” authority to vote for a candidate or all the candidates, a 0.01% “for” vote results in the candidate's election or re-election to the board. The proposed majority vote standard would require that a director receive a majority of the vote cast in order to be elected to the Board.

It is our contention that the proposed majority vote standard for corporate board elections is a fair standard that will strengthen the Company's governance and the Board. Our proposal is not intended to limit the judgment of the Board in crafting the requested governance change. For instance, the Board should address the status of incumbent directors who fail to receive a majority vote when standing for re-election under a majority vote standard or whether a plurality director election standard is appropriate in contested elections.

We urge your support of this important director election reform.

BOARD OF DIRECTORS' RECOMMENDATION

The Board of Directors recommends a vote AGAINST the foregoing proposal for the following reasons:

Our Company is incorporated under the laws of the State of Delaware and is therefore governed by the Delaware General Corporation Law. Because the Company has not specified a different voting requirement in its certificate of incorporation or bylaws, the plurality standard established by the Delaware General Corporation Law governs the election of the Company's directors. This statutory standard provides for the election of directors based on the highest number of votes cast by the Company's stockholders, and is the same standard that governs many other public companies that are incorporated in Delaware. The Board of Directors believes that the plurality standard is fair and impartial and serves the best interests of the Company's stockholders.

Our Board of Directors is comprised of highly qualified directors from diverse backgrounds, all of whom (other than our Chief Executive Officer) are "independent" within the meaning of various criteria applied by federal regulatory agencies and investor rating companies, as well as standards adopted by the New York Stock Exchange. Each of these directors was elected by a plurality vote. Director nominees are evaluated and recommended for election by the Director Affairs Committee based on various criteria, including their independence, integrity, experience, and sound judgment in areas

relevant to the Company's business, financial acumen, interpersonal skills, a proven record of accomplishment, a willingness to commit sufficient time to the Board, and the ability to challenge and stimulate management. In addition, stockholders themselves may recommend candidates for election, as described in "Board Practices—Selection of Directors," and the Director Affairs Committee will apply the same criteria in evaluating such nominees.

The proposal infers that the members of our Company's Board of Directors are being elected by minimal affirmative votes and that a change is therefore required. That clearly is not the case for our Company. During each of the past five years, at least 85% of the number of shares of the Company's common stock entitled to vote at the Company's Annual Meeting of Stockholders has been represented in person or by proxy at each meeting. Every director nominee during such period received the affirmative vote of more than 90% percent of the shares entitled to vote and present in person or by proxy at such meetings. Further, during such time period, no more than 10% percent of the shares entitled to vote and present in person or by proxy at any annual meeting were withheld for the election of any one director nominee. Consequently, changing from the Company's plurality voting requirement to the voting requirement that has been proposed would not have had an effect on the outcome of our election process during the past five years. Given our stockholders' history of electing highly qualified, independent directors under the current plurality system, we believe that a change in the voting requirement is not necessary to improve our corporate governance processes.

The Company's current plurality voting requirement for the election of directors is also fair and impartial in that it applies equally to any candidate who is nominated for election to the Board of Directors. Those nominees who receive the most votes cast for the number of directors to be elected will be elected to the Board of Directors, whether the candidate is nominated by the Board of Directors or a stockholder. For example, a stockholder nominee could be elected under the current standards if the number of

votes cast for that nominee exceeds the number of votes cast for one or more other nominees, including persons nominated by the Board. If the proposal were adopted, a stockholder nominee that received more votes during an election than an incumbent director nominee might, nonetheless, fail to win election to the Board unless such stockholder nominee received a majority of the votes cast.

Finally, the proposal does not address what would happen if one or more candidates who are incumbent directors fail to receive a majority of the votes cast. Consistent with the provisions of the Delaware General Corporation Law, the Company's bylaws provide that directors shall hold office from the date of their election until their successors have been elected and qualified. An incumbent director who did not receive a majority of the votes cast would nonetheless remain in office until such person's

successor was elected and qualified, absent resignation or removal from the Board of Directors. In the case of resignation or removal, the Board has the right pursuant to the Company's bylaws to fill the vacancy, or the position might remain vacant. None of these alternatives would necessarily reflect the views of stockholders who have chosen to exercise their right to vote for the directors of their choice at an annual meeting, and could result in a less democratic process for the election of the Company's directors.

For these reasons, the Board of Directors of SUPERVALU believes that this stockholder proposal would not improve SUPERVALU's corporate governance and is not in the best interests of SUPERVALU's stockholders. **Therefore, the Board of Directors unanimously recommends a vote "AGAINST" this proposal.**

Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations and other decisions under or with respect to the Plan or any Award shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon any Eligible Person or Participant, any holder or beneficiary of any Award and any employee of the Company or any Affiliate.

The Committee may delegate its powers and duties under the Plan to one or more directors or officers of the Company, or to a committee of directors or officers, subject to such terms, conditions and limitations as the Committee may establish in its sole discretion; provided, however, that the Committee shall not delegate its powers and duties under the Plan (i) with regard to officers or directors of the Company or any Affiliate who are subject to Section 16 of the Securities Exchange Act of 1934, (ii) in such a manner as would cause the Plan not to comply with the requirements of Section 162(m) of the Code or (iii) in such a manner as would contravene Section 157 of the Delaware General Corporation Law.

(c) Power and Authority of the Board of Directors. Notwithstanding anything to the contrary contained herein, the Board of Directors may, at any time and from time to time, without any further action of the Committee, exercise the powers and duties of the Committee under the Plan.

Section 4. Shares Available for Awards.

(a) Shares Available. **Subject to adjustment as provided in Section 4(c), the aggregate number of Shares that may be issued under all Awards under the Plan shall be 13,000,000, of which 7,500,000 shares shall be reserved solely for the grant of Awards designated as stock options.** Shares to be issued under the Plan may be either Shares reacquired and held in the treasury or authorized but unissued Shares. If any Shares covered by an Award or to which an Award relates are not purchased or are forfeited, or if an Award otherwise terminates or is settled without delivery of any Shares, then the number of Shares counted against the aggregate number of Shares available under the Plan with respect to such Award, to the extent of any such forfeiture, termination or settlement, shall again be available for granting Awards under the Plan. Any shares tendered in payment of the exercise price of an Option granted under the Plan or an option granted under any other stock plan of the Company shall be credited to the number of Shares available for grant under the Plan.

(b) Accounting for Awards. For purposes of this Section 4, if an Award entitles the holder thereof to receive or purchase Shares, the number of Shares covered by such Award or to which such Award relates shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan.

(c) Adjustments. In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), recapitalization,

stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company or other similar corporate transaction or event affects the Shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number and type of Shares (or other securities or other property) which thereafter may be made the subject of Awards, (ii) the number and type of Shares (or other securities or other property) subject to outstanding Awards and (iii) the purchase or exercise price with respect to any Award; provided, however, that the number of Shares covered by any Award or to which such Award relates shall always be a whole number.

(d) Award Limitations Under the Plan. No Eligible Person, who is an employee of the Company at the time of grant, may be granted any Option, Stock Appreciation Right or Other Stock-Based Award (the value of which is based solely on an increase in the value of the Shares after the date of grant) for more than 500,000 Shares (subject to adjustment as provided for in Section 4(c)), taking into account all such awards granted by the Company pursuant to any of its stock compensation plans, in any calendar year period beginning with the period commencing January 1, 2002. The foregoing annual limitation specifically includes the grant of any Awards representing “qualified performance-based compensation” within the meaning of Section 162(m) of the Code.

Section 5. Eligibility.

Any Eligible Person, including any Eligible Person who is an officer or director of the Company or any Affiliate, shall be eligible to be designated a Participant. In determining which Eligible Persons shall receive an Award and the terms of any Award, the Committee may take into account the nature of the services rendered by the respective Eligible Persons, their present and potential contributions to the success of the Company or such other factors as the Committee, in its discretion, shall deem relevant. Notwithstanding the foregoing, an Incentive Stock Option may only be granted to full-time or part-time employees (which term as used herein includes, without limitation, officers and directors who are also employees) and an Incentive Stock Option shall not be granted to an employee of an Affiliate unless such Affiliate is also a “subsidiary corporation” of the Company within the meaning of Section 424(f) of the Code or any successor provision.

Section 6. Awards.

(a) Options. The Committee is hereby authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

(i) Exercise Price. The purchase price per Share purchasable under an Option shall be determined by the Committee; provided, however, that such purchase price shall not be less than 100% of the Fair Market Value of a Share on the date of grant of such Option and shall not be adjusted thereafter except as provided for in Section 4(c) of the Plan.

(ii) Option Term. The term of each Option shall be fixed by the Committee, **but shall not exceed seven years for Options granted after April 1, 2005, except for Restoration Options granted with respect to previously granted Options pursuant to clause (iv) below.**

(iii) Time and Method of Exercise. The Committee shall determine the time or times at which an Option may be exercised in whole or in part and the method or methods by which, and the form or forms (including, without limitation, cash, Shares, promissory notes, other securities, other

Awards or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the relevant exercise price) in which, payment of the exercise price with respect thereto may be made or deemed to have been made.

(iv) Restoration Options. The Committee may grant Restoration Options, separately or together with another Option, pursuant to which, subject to the terms and conditions established by the Committee and any applicable requirements of law, the Participant would be granted a new Option when the payment of the exercise price of the option to which such Restoration Option relates is made by the delivery of Shares pursuant to the relevant provisions of the plan or agreement relating to such option, which new Option would be an Option to purchase the number of Shares not exceeding the sum of (A) the number of Shares so provided as consideration upon the exercise of the previously granted option to which such Restoration Option relates, (B) the number of Shares, if any, tendered or withheld as payment of the amount required to be withheld under applicable tax laws in connection with the exercise of the option to which such Restoration Option relates, and (C) the number of previously owned Shares, if any, tendered as payment for additional tax obligations of the Participant in connection with the exercise of the option to which such Restoration Option relates pursuant to the relevant provisions of the plan or agreement relating to such option. Restoration Options may be granted with respect to options previously granted under the Plan or any other stock option plan of the Company, and may be granted in connection with any option granted under the Plan or any other stock option plan of the Company at the time of such grant. Such Restoration Options shall have a per share exercise price equal to the Fair Market Value of one Share as of the date of grant of the new Option. Any Restoration Option shall be subject to availability of sufficient Shares for grant under the Plan. Shares surrendered as part or all of the exercise price of the Option to which it relates that have been owned by the optionee less than six months will not be counted for purposes of determining the number of Shares that may be purchased pursuant to a Restoration Option. **Notwithstanding the foregoing, no Restoration Option shall be granted in connection with Options granted under the Plan or any other stock option plan of the Company after April 1, 2005.**

(b) Stock Appreciation Rights. The Committee is hereby authorized to grant Stock Appreciation Rights to Participants subject to the terms of the Plan and any applicable Award Agreement. A Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive upon exercise thereof the excess of (i) the Fair Market Value of one Share on the date of exercise (or, if the Committee shall so determine, at any time during a specified period before or after the date of exercise) over (ii) the grant price of the Stock Appreciation Right as specified by the Committee, which price shall not be less than 100% of the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right. Subject to the terms of the Plan and any applicable Award Agreement, the grant price, term, methods of exercise, dates of exercise, methods of settlement and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate.

(c) Restricted Stock and Restricted Stock Units. The Committee is hereby authorized to grant Awards of Restricted Stock and Restricted Stock Units to Participants with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

(i) Restrictions. Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate.

(ii) Stock Certificates. Any Restricted Stock granted under the Plan shall, at the option of the Company, be evidenced by book entry Shares held in the Participant's name on the records of the

Company's transfer agent or by issuance of a stock certificate or certificates, which certificate or certificates shall be held by the Company. Such book entry Shares or certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock. In the case of Restricted Stock Units, no Shares shall be issued at the time such Awards are granted.

(iii) Forfeiture; Delivery of Shares. Except as otherwise determined by the Committee, upon termination of employment (as determined under criteria established by the Committee) during the applicable restriction period, all Shares of Restricted Stock and all Restricted Stock Units at such time subject to restriction shall be forfeited and reacquired by the Company; provided, however, that the Committee may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or Restricted Stock Units. Any Share representing Restricted Stock that is no longer subject to restrictions shall be delivered to the holder thereof promptly after the applicable restrictions lapse or are waived. Upon the lapse or waiver of restrictions and the restricted period relating to Restricted Stock Units evidencing the right to receive Shares, such Shares shall be issued and delivered to the holders of the Restricted Stock Units.

(d) Performance Awards. The Committee is hereby authorized to grant Performance Awards to Participants subject to the terms of the Plan and any applicable Award Agreement. A Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including, without limitation, Restricted Stock), other securities, other Awards or other property and (ii) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish. Subject to the terms of the Plan and any applicable Award Agreement, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of any Performance Award shall be determined by the Committee.

(e) Other Stock-Based Awards. The Committee is hereby authorized to grant to Participants such other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purpose of the Plan; provided, however, that such grants must comply with applicable law. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine the terms and conditions of such Awards. Shares or other securities delivered pursuant to a purchase right granted under this Section 6(e) shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms (including without limitation, cash, Shares, promissory notes, other securities, other Awards or other property or any combination thereof) as the Committee shall determine, the value of which consideration, as established by the Committee, shall not be less than 100% of the Fair Market Value of such Shares or other securities as of the date such purchase right is granted.

(f) General.

(i) Consideration for Awards. Awards may be granted for no cash consideration or for other consideration as may be determined by the Committee or required by applicable law.

(ii) Awards May Be Granted Separately or Together. Awards may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with or in substitution for any other Award or any award granted under any plan of the Company or any Affiliate other than the Plan.

Awards granted in addition to or in tandem with other Awards or in addition to or in tandem with awards granted under any such other plan of the Company or any Affiliate may be granted either at the same time as or at a different time from the grant of such other Awards or awards.

(iii) Forms of Payment under Awards. Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise or payment of an Award may be made in such form or forms as the Committee shall determine (including, without limitation, cash, Shares, promissory notes, other securities, other Awards or other property or any combination thereof), and may be made in a single payment or transfer, in installments or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments.

(iv) Limits on Transfer of Awards. No Award and no right under any such Award shall be transferable by a Participant other than by will or by the laws of descent and distribution; provided, however, that, if so determined by the Committee, a Participant may, in the manner established by the Committee, transfer Non-Qualified Stock Options or designate a beneficiary or beneficiaries to exercise the rights of the Participant and receive any property distributable with respect to any Award upon the death of the Participant. Each Award or right under any such Award shall be exercisable during the Participant's lifetime only by the Participant (except as otherwise provided in an Award Agreement or amendment thereto relating to a Non-Qualified Stock Option pursuant to terms determined by the Committee) or, if permissible under applicable law, by the Participant's guardian or legal representative. No Award or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(v) Term of Awards. **Except as provided in Section 6(a)(ii),** the term of each Award shall be for such period as may be determined by the Committee.

(vi) Restrictions; Securities Exchange Listing. All Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders or other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the Securities and Exchange Commission and any applicable federal or state securities laws, and the Committee may cause a legend or legends to be placed on the certificates for such shares or other securities to reflect such restrictions. If the Shares or other securities are traded on a securities exchange, the Company shall not be required to deliver any Shares or other securities covered by an Award unless and until such Shares or other securities have been admitted for trading on such securities exchange.

Section 7. Amendment and Termination; Adjustments.

(a) Amendments to the Plan. The Board of Directors of the Company may amend, alter, suspend, discontinue or terminate the Plan; provided, however, that, notwithstanding any other provision of the Plan or any Award Agreement, without the approval of the stockholders of the Company, no such amendment, alteration, suspension, discontinuation or termination shall be made that, absent such approval:

(i) would violate the rules or regulations of the New York Stock Exchange, any other securities exchange or the National Association of Securities Dealers, Inc. that are applicable to the Company; or

(ii) would cause the Company to be unable, under the Code, to grant Incentive Stock Options under the Plan; or

(iii) would amend the exercise price of any Option or Stock Appreciation Rights previously granted, except for any adjustment made under Section 4(c) of the Plan; or

(iv) would allow exercise price of any Option or the grant price of any Stock Appreciation Right to be less than 100% of the Fair Market Value of one Share on the date such Option or Stock Appreciation Right is granted.

(b) Amendments to Awards. Subject to the provisions of the Plan, the Committee may waive any conditions of or rights of the Company under any outstanding Award, prospectively or retroactively. The Committee may not amend, alter, suspend, discontinue or terminate any outstanding Award, prospectively or retroactively, in any manner that adversely affects any Award, without the consent of the Participant or holder or beneficiary thereof, except as otherwise herein provided or in an Award Agreement.

(c) Correction of Defects, Omissions and Inconsistencies. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 8. Income Tax Withholding and Payment.

In order to comply with all applicable federal or state income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable federal or state payroll, withholding, income or other taxes, which are the sole and absolute responsibility of a Participant, are withheld or collected from such Participant. In order to assist a Participant in paying all or a portion of the federal and state taxes to be withheld or collected upon exercise or receipt of (or the lapse of restrictions relating to) an Award, the Committee, in its discretion and subject to such additional terms and conditions as it may adopt, may permit the Participant to satisfy such tax obligation by (i) electing to have the Company withhold a portion of the Shares otherwise to be delivered upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes or (ii) delivering to the Company Shares other than Shares issuable upon exercise or receipt of (or the lapse of restrictions relating to) such Award with a Fair Market Value equal to the amount of such taxes. In addition to the amounts required to be withheld to pay applicable taxes, subject to such terms and conditions as the Committee shall determine in its sole and absolute discretion, the Committee may permit the Participant to elect to deliver to the Company Shares (other than Shares issuable upon exercise or receipt of (or the lapse of restrictions relating to) such Award) with a Fair Market Value equal to the amount of such additional federal and/or state income taxes imposed on the Participant in connection with the exercise of the Award. All elections, if any, must be made on or before the date that the amount of tax to be withheld is determined.

Section 9. General Provisions.

(a) No Rights to Awards. No Eligible Person, Participant or other Person shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Eligible Persons, Participants or holders or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to any Participant or with respect to different Participants.

(b) Award Agreements. No Participant will have rights under an Award granted to such Participant unless and until an Award Agreement shall have been duly executed on behalf of the Company and returned to the Company executed by the Participant.

(c) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of the Company or any Affiliate, nor will it affect in any way the right of the Company or an Affiliate to terminate such employment at any time, with or without cause. In addition, the Company or an Affiliate may at any time dismiss a Participant from employment free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award Agreement.

(e) Governing Law. The validity, construction and effect of the Plan or any Award, and any rules and regulations relating to the Plan or any Award, shall be determined in accordance with the laws of the State of Delaware.

(f) Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction or Award, and the remainder of the Plan or any such Award shall remain in full force and effect.

(g) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(h) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash shall be paid in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

(i) Headings. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

Section 10. Effective Date of the Plan.

The Plan shall be effective as of April 10, 2002, subject to approval by the stockholders of the Company within one year thereafter.

Section 11. Term of the Plan.

Unless the Plan shall have been discontinued or terminated as provided in Section 7(a), the Plan shall terminate on April 9, 2012. No Award shall be granted after the termination of the Plan. However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Award theretofore granted may extend beyond the termination of the Plan, and the authority of the Committee provided for hereunder with respect to the Plan and any Awards, and the authority of the Board of Directors of the Company to amend the Plan, shall extend beyond the termination of the Plan.
